SECTION OF ACT RULED ULTRA VIRES

Hit-and-Run Charge Against Mounted Policeman Fails In Vancouver

MAGISTRATE FINDS ENACTMENT INVALID

VANCOUVER, April 6 (P).—Section 50 of British Columbia's Motor Vehicles Act, dealing with failure of motorists to remain at or return to the scene of a traffic accident, was ruled ultra vires of the Provincial Legislature today by Police Magistrate Mackenzie Matheson in a written judgment acquitting Corporal C. R. H. Salt, of the Royal Canadian Mounted Police, of a "hit-and-run" charge.

The charge against Salt arose from an accident in which two pedestrians were injured several weeks ago.

SECTIONS SIMILAR
Magistrate Matheson based his judgment on similarity between Section 50 of the Provincial Act and a section of the Criminal Code of Canada.

The magistrate quoted from Sub-section 1 of Section 60, which states in part that after an accident "the person in charge of the motor vehicle shall remain at or forthwith return to the scene of the accident," and Subsection 7 which provides for punishment of persons violating Section 1.

"Counsel for the defence (R. L. Maitland, K.C.) has taken the position that Subsection 7 is beyond the competence of the Provincial Legislature, in that Section 28 (2) of the Criminal Code is intended to and does cover the same subject," Magistrate Matheson said in his judgment.

"A large number of authorities were cited. I have carefully considered all of these, as well as numerous others. Indeed, there seems

CUT IN BUDGET MADE BY BOARD

Trustees Slash Estimates \$7,838 to \$407,798.75 At Meeting

School Board ordinary estimates of \$415,636.75, which were reduced \$7,838 to \$407,798.75 at a School Trustees' meeting last evening, will be forwarded to the City Council with an explanation that it is impossible to pare them further, although the council last month asked the board to set ordinary estimates at not over \$400,000.

Reductions were made in janitorial supplies, furniture and apparatus, reference books, educational supplies, night schools, practical arts, sundry services, building and grounds work, office appropriations and \$484 off teachers' salaries of \$228,554.

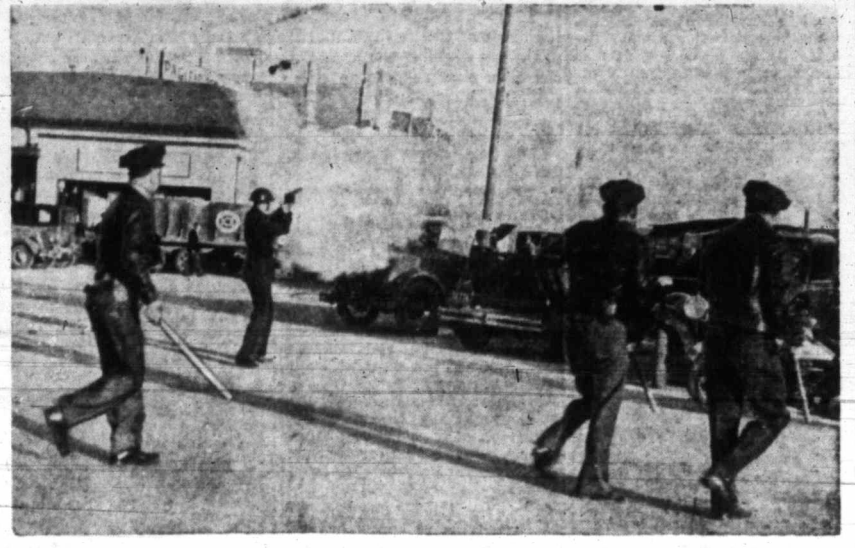

Trustees Kenneth Ferguson and Charles R. Bishop pointed out there was a deficit of \$5,000 in the operation of evening technical classes. They thought the burden was too much for taxpayers to bear, and believed the classes should be made self-supporting. W. C. Moresby, K.C., the board chairman, appointed Trustees Ferguson, Mrs. D. L. MacLaurin, Walter E. Steneland and Municipal Inspector George H. Deane a committee to investigate night classes with a view to placing them on a paying basis if possible.

VOICES REGRET
Trustee Steneland regretted that so much had been spent in the past on flower beds while playing fields were neglected. He stated Victoria High School needed redecorating and Sir James Douglas School was badly in need of new lighting equipment.

Trustees Mrs. MacLaurin, Moresby and Percy E. George thought the School Board had underestimated for current needs of the present year. In passing reduced ordinary estimates of \$407,798.75, trustees considered no further reductions could be made without impairing the efficiency of educational services.

Police Rout Pickets in California Riot

Routed by Police, 300 Strike Pickets Took Shelter Behind Parked Automobiles After They Attempted to Stone Buses Carrying Non-Striking Workers from a Hayward, Cal., Cannery. Armed With Tear Gas and Riot Clubs, Police Are Pictured as They Dispersed the Jeering Pickets.

Shipping and Industrial Men Protesting Against Increased Harbor Dues

Minister Denies Increased Dues Will Injure B.C. Shipping

OTTAWA, April 6 (P).—Increased harbor fees in public ports along the British Columbia coast were applied to cover the wages of harbor masters, Transport Minister Howe explained tonight, following protests from West Coast shippers.

The increases were small, he said, and would not injure British Columbia harbors or shipping, as alleged by a Vancouver committee representing shipping and industrial interests along the coast. Even with the increases, the rates would remain considerably lower than corresponding fees in American ports, he added.

Harold Husband, president of the Chamber of Commerce, received word from Hon. Dr. S. F. Tolmie, last night, that the member for Victoria has placed a strong protest against the increase in harbor dues at the Port of Victoria in the hands of Hon. C. D. Howe, Minister of Transport. Dr. Tolmie backed his protest with all the wires he has received from Victoria.

SEND JOINT PROTEST
VANCOUVER, April 6 (P).—Strong protest against provisions of an order-in-council providing increased harbor dues at public ports through the Dominion was sent in a telegram tonight to Hon. C. D. Howe, Federal Minister of Transport, by a committee representing shipping and industrial interests along the British Columbia coast.

The committee was named at an emergency meeting called under auspices of Vancouver Merchants Exchange earlier in the day to discuss the matter.

Rangers Capture First Game From Detroit Team, 5-1

Lester Patrick's Squad Skates to Brilliant Victory Over Wings in Opening Tussle of Stanley Cup Series—Normie Smith Retires After First Period—Teams Move to Detroit

MADISON SQUARE GARDEN, NEW YORK, April 6 (P).—Manhattan's surprising Rangers, more potent even than in their previous play-off games, jolted Detroit Red Wings back on their collective heels tonight with a smashing 5-1 triumph in the first game of the best-of-five Stanley Cup final.

More than 16,000 delirious fans cheered Rangers as they opened with a three-goal spurge in the first period; added another in the second and then matched tallies with the enemy when each side rang up a single tally.

The game was replete with thrilling and dramatic moments. The first occurred when Manager Jack Adams of the visitors had to replace his all-star goal-minder, Normie Smith, the brilliant Torontonian, after the first frame.

Smith, who suffered a bad arm injury in the series which saw the Wings win the National League, continued on Page 10, Column 7

It would have extended to municipal constables the same protection as is given Royal Canadian Mounted Police in liquor cases. The legislation had been requested by temperance and other organizations, the Attorney-General said.

STRONG OBJECTION
"I strongly object to municipal constables acting as stool pigeons," said C. Holder (S.C., St. Albert). S. A. G. Barnes, Ind. S.C., Edmonton protested: "I don't believe in anybody doing something that is contrary to the law. This is an immoral act."

Other members who spoke against the measure declared it was "un-British."

POLICE AND STRIKERS FIGHT AT KINGSTON

KINGSTON, Ont., April 6 (P).—A miniature riot, in which fifteen women took part, occurred outside the Consolidated Leaf Tobacco Company's strike-labor plant today, with police forced to engage in hand-to-hand fighting with the strikers after they sought to arrest one of the pickets.

Italian Ship Ashore On Isle of Wight Abandoned by Crew

LONDON, April 7 (P).—The 5,220-ton Italian ship Luigi Accame was abandoned by her crew early today after having gone aground last night off the southern end of the Isle of Wight during a thick fog. The crew was taken off by a lifeboat which reached the scene from Yarmouth. The vessel was reported badly damaged.

NEW BISHOP HERE TODAY

Most Rev. John C. Cody, D.D., Will Be Installed Tonight At Cathedral

No less than twelve bishops and prelates from cities of British Columbia, Alberta and Saskatchewan and the State of Washington and Oregon will be present at the solemn installation of Most Rev. John C. Cody, D.D., as Bishop of Victoria this evening in St. Andrew's Cathedral.

His Honor the Lieutenant-Governor, Prime Minister and members of the Cabinet, and representatives of the judiciary will also attend as will His Worship the Mayor with a number of the aldermen and outstanding figures in the naval and military, professional and commercial life of the city.

ARCHBISHOP DUKE
The short ceremony follows the episcopal coronation. Most Rev. W. M. Duke, D.D., Archbishop of Vancouver and Metropolitan, will officiate, the sermon being preached by Most Rev. M. M. Johnson, Bishop of Nelson. All are asked to be in their places by a quarter to eight to permit the function to commence punctually at 8 o'clock.

Bishop Cody will arrive by the afternoon boat and will be met by the local Catholic clergy and laity and led by a procession of cars to the cathedral.

WOULD CHANGE FRANCHISE ACT

Repeal of Absentee Voting Suggested — Compulsory Registration Opposed

OTTAWA, April 6 (P).—The principles on which Parliament should base its system of redistribution of electoral constituencies, have been held over for examination until next year by the House committee which, under the chairmanship of C. E. Bothwell (Lib. Swift Current) has been investigating matters relating to elections and franchise.

In the conclusion adopted today and embodied in the committee's report are a number of recommendations which, if accepted by the House, would kill for some time to come the hopes of those who advocate compulsory registration and voting. The committee went on record as unanimously opposed to these.

REPEAL OF FRANCHISE ACT
Repeal of the Dominion Franchise Act is a major recommendation. The mode of procedure in operation in 1930 should be reverted to, the report urged.

Another feature of which repeal was sought was the provision for absentee voting.

Other recommendations would prohibit the use of radio for election speeches on the Sunday immediately preceding polling day and on election day itself; flying of flags and bunting, and using loudspeakers on trucks or other vehicles on polling day would be eliminated.

The committee was not prepared to recommend disturbing the franchise to the extent of extending the franchise to Canadian-born Japanese.

SPRINGVILLE, Ariz., April 6 (P).—Searching parties trudged through knee-deep snow tonight toward the wreckage of a once majestic sky liner, now a pitifully crumpled heap of twisted metal on a lonely Arizona mountain.

No hope was held that any of the eight passengers aboard the fallen ship could have survived its crash on the slopes of Mount Baldy, 10,500-foot peak towering out of a rugged terrain about thirty miles west of the New Mexico border.

TANGLED WRECKAGE
The wreckage, blackened, tangled and shapeless, was sighted today by searchers aboard a rescue plane piloted by Major A. D. Smith, veteran executive of Transcontinental & Western Air, Inc.

Although there were no marks of identification visible, Major Smith and others of his party held no doubt the scattered ruin was all that remained of a twenty-one-passenger Douglas air liner, missing since it left the Burbank, California, airport Saturday morning.

Because of "bumpy" air conditions it was impossible for the rescue ship to approach close enough to sight the bodies, if any, within the wreck. But there were no tracks in the surrounding snow, nor any other sign of life.

FOUR KILLED IN PLANE COLLISION

Naval Machines Meet Head On Soon After Taking Off From Carrier Ship

SAN DIEGO, Cal., April 6 (P).—Four naval flyers plunged to death in the sea this afternoon after two scout bombing planes collided head-on while engaged in manoeuvres over the fleet drill grounds, forty miles offshore, naval authorities here reported.

Carried to death in the tangled wreckage of the two ships were: Junior Grade Lieutenant Ludwell R. Pickett, Junior Grade Lieutenant Joseph J. Loughlin, Chief Machinist's Mate Harry M. Bradley and Aviation Machinist's Mate John Joseph Carney.

It was stated unofficially that the two planes had taken off from the landing deck of the aircraft Lexington just a few minutes before the fatal crash. Boat crews were put over from the Lexington immediately, but naval officials said the wreckage sank as soon as it hit the water.

AROUSED KOOTENAY FARMERS PLAN TO BOYCOTT DOUKHOBORS

Meeting at Winlaw Demands Enforcement of Curfew Law, Expropriation of Property and Isolation on Reserves as Result of Recent Burning and Bombings

WOULD SEIZE CHATTELS TO PAY FOR LOSS OF PUBLIC BUILDINGS

NELSON, April 6 (P).—A resolution calling for the boycotting of Doukhobors throughout Slokan Valley was approved today at a meeting of 175 farmers at Winlaw, fifteen miles northwest of here. The meeting was held to protest the wave of burnings and bombing which destroyed or damaged ten schools or halls in this district early on Sunday.

More extensive steps against Doukhobors were approved in a number of other resolutions passed at the meeting. The resolutions will be forwarded to Premier T. D. Pattullo. The other demands ask enforcement of a curfew law against the Doukhobors, their exclusion from public works and relief, expropriation of their property by the Government, their isolation on Government reserves, and seizure of their chattels to pay for the damage caused in Sunday's outrages.

PROTECTION DEMANDED
Effective protection against further damage also was demanded. Another protest-meeting was held at Castlegar, fifteen miles west of here.

In the West Kootenay police posted three new guards at public buildings today, bringing the number of such guards to twenty.

GOVERNMENT PUSHING ON

Recovers Ground From Insurgents—British Ship Fires at Plane

MADRID, April 6 (P).—Government commanders, extending the Cordoba Province offensive, which they asserted already had gained thirty-five miles in two weeks, pushed their lines slowly tonight toward Penaroya.

Officers asserted the southern army, in its advance from Pozoblanco, had recovered most of the towns previously taken by insurgents and had advanced at some points to positions the Government had not held since the civil war started last July 18.

ATTACK REPULSED
The Government reported an attack by 3,000 insurgent troops near Tucsua, on the Aragon front, was repulsed with heavy insurgent losses.

The threat to the Basque cities of Bilbao and Durango by General Emilio Mola's insurgents advancing in the Cantabrian Mountains brought a shift in the Government command on that front. The general staff of the Madrid-Valencia army of the north took charge of operations.

The insurgents in the North threw fresh forces at Government. Continued on Page 3, Column 4

FERNIE MINERS THREATEN STRIKE

Workers to Walk Out Next Monday Night Unless Union Given Recognition

FERNIE, April 6 (P).—Officials of the Fernie-Michel United Mine Workers of America locals tonight set midnight next Monday as the deadline for compliance with their demand for union recognition.

The deadline was announced after representatives of miners and Crow's Nest Pass Coal Company broke off negotiations, deadlocked by the union demand, after a week-end conference.

Today union officials stated an ultimatum had been given company officials, that unless their union affiliation was recognized miners would cease operations at the Michel, Fernie and Coal Creek collieries. About 1,000 men would be affected by the walkout.

B.C. Campaign to Open on April 22 Premier Intimates

On or Before Then Hon. T. D. Pattullo Will Declare Date of Nominations and Polling in All Provincial Ridings—Cabinet Waiting

BRITISH Columbia rolled steadily nearer to a general provincial election yesterday, with official intimation by Premier Pattullo, K.C., that before April 22 he would name the day. April 22, by coincidence, will be the twenty-second anniversary of the Second Battle of Ypres.

Meanwhile provincial electoral officers will hold what may be the last court of revision on April 19, with nominations probable in May and polling likely early in June.

Itself, and possibly having to do with the passage of the Federal budget at Ottawa; though this was not admitted.

The Premier intimated he will have an important announcement to make on or before April 22, now regarded as the official start of the Government's campaign, though several Ministers are already ahead on speaking tours of the Interior.

It remained an open question whether or not the Premier would fill the vacancy in his Cabinet before going to the country.

Saanich High School Formally Opened by Education Minister

Interesting Ceremony Witnessed by Large Gathering at Sidney—Interesting Reminiscences By Former School Teachers

THE North Saanich Consolidated Junior and Senior High School was officially opened on Monday evening by Hon. G. M. Weir, Minister of Education. The opening ceremony took place in the auditorium of the building, where there were assembled many former teachers and pupils, as well as present pupils and teachers.

J. J. White, chairman of the school board, presided. With him on the platform beside Dr. Weir were Alex McDonald, M.P.P. for The Islands; Mrs. Mahon, president of the British Columbia Teachers' Association; and Mr. Sullivan, inspector of high schools.

Mr. White paid tribute to the late Neil MacAulay, who was until recently an employee of the school board. J. A. Nunn, former member of the school board and for many years actively interested in school affairs, was prevented from attending, by illness.

The contractor and the architect for the new building were introduced and said a few words each.

MEMBER'S ADDRESS
Alex McDonald, M.P.P. son of the first trustee of the North Saanich district, spoke in appreciation of the early teachers of the district and compared the early school with the modern building.

Hon. Dr. Weir was introduced by Mr. McDonald and in his address stressed the importance of the educational system being fitted to modern requirements.

Mrs. Mahon, president of the British Columbia Teachers' Association, congratulated the district for their new school building.

Henry Brethour, the first teacher in the public schools of North Saanich, was present and gave interesting reminiscences of his early association with the schools of the district as teacher. Mr. Brethour's father was a pioneer of the North Saanich district. Henry Brethour has watched the growth of the schools from one building built at a cost of about \$500 to the present \$25,000 structure of today.

SOME REMINISCENCES
Walter Anderson, whose parents were settlers at "Rosebank," which at present is known as "Mallom Farm," gave his memories of boyhood days. He was tutored by Colin C. McKenzie on his father's farm before the establishment of the public school. Colin C. McKenzie later became superintendent of education in the province.

Among other early teachers present were O. H. Cogswell, B.A., and Angus Galbraith, who addressed the assembly.

Mr. Galbraith was a teacher at

37, was present. The following were pallbearers: Wor. Bro. T. T. Hutchison, Wor. Bro. A. M. Harvey, Wor. Bro. Nat. Gray, Wor. Bro. G. H. Maynard, Wor. Bro. A. Calvert and Bro. George Foster. The remains were laid at rest in the Royal Oak Burial Park, and the services at the graveside were conducted by Wor. Master W. H. E. Dinsmore of Mount Newton Lodge, No. 89.

STEWART—The funeral of David Peter Stewart took place yesterday, at which many friends were present. Numerous beautiful floral tributes were received. The service was conducted by the Rev. J. G. Griffiths, minister of the Anglican church of the Canadian Pacific Railway, were pallbearers: William Jameson, H. Yeaton, H. Plater, W. White, C. Hillier and D. Campbell. The remains were laid at rest in the family plot in Ross Bay Cemetery.

WRIGHT—A large number of friends attended the funeral of the late Mrs. Kathleen Mary Wright, held on Tuesday afternoon in Oak Bay United Church, among whom were members of Mary Croft Esquimalt Chapter, I.O.E., and also members from all chapters of this organization in the city, with the municipal regent and vice-regent and executive of the provincial body also represented. Rev. Thomas Keyworth represented the service, during which the hymns, "The Sands of Time" and "Still, Still With Thee," were sung, led by the choir. W. H. Ruffell sang as a solo, "Nearer, My God, To Thee." Interment was made in Colwood Burial Park, with the following acting as pallbearers: H. Collins, A. B. Ford, G. Gardiner, T. Bailey, J. P. Sutton and W. G. Agar.

SCOUTS AS USHERS
Scouts and Rover Scouts, under Freeman King, helped to direct traffic on the school grounds and acted as ushers.

MEARNS—Funeral services for the late Henry Mearns, 101 Sims Avenue, Saanich, will be held on Thursday afternoon at 2 o'clock. Rev. Daniel Walker will officiate and interment will be made in Royal Oak Burial Park.

COOK—The funeral for the late Mrs. Constance Mary Cook will be held this afternoon at 2 o'clock in S. J. Curry & Son Funeral Home. Rev. F. Comley will officiate and interment will be made in Colwood Burial Park.

ANDREWS—An unusually large number of sympathizing friends attended funeral services Tuesday afternoon for the late William Thomas Andrews. The many beautiful floral tributes received testified to the high esteem in which Mr. Andrews was held by all those with whom he was associated. Rev. J. P. Hicks and Rev. E. F. Church conducted an impressive service, during which one hymn, "Forever With The Lord," and one solo, "Saved by Grace," were sung. The remains were forwarded to Seattle for cremation, and the ashes will be interred in the family plot at Ross Bay Cemetery.

PROTEST AGAINST INCREASED LEVIES

Continued from Page 1
cuss changes in shipping dues payable at public ports as announced in The Canada Gazette of March 27. The regulations went into effect April 1.

Text of the telegram sent to Mr. Howe was withheld from publication by the committee until the minister had been given time to consider the protest.

DAMAGING PORTS
J. H. Hamilton, secretary and manager of the Merchants Exchange and a member of the committee, told The Canadian Press it informed the minister increased port dues now being collected at eleven British Columbia ports from Victoria to Prince Rupert would "place a heavy additional burden on shipping and seriously damage some ports."

The committee also made preparations to send a delegation to Ottawa to present the British Columbia problems to the minister if such a course were deemed necessary. Ports affected by the new tolls are: Alberni, Chemainus, Comox, Ladysmith, Nanaimo and Victoria. Vancouver Island: Gibsons Landing in the Strait of Georgia and Squamish, Powell River, Ocean Falls and Prince Rupert on the Mainland north of here.

TWO NOT AFFECTED
Vancouver and New Westminster, administered by commissioners, do not come under the public ports classification of the Canada Shipping Act and therefore are not affected by the new ruling.

Mr. Hamilton, in a comparison of charges before publication of the order-in-council and after the new regulations came into effect April 1, said "The new levies will undoubtedly make New Westminster the cheapest port on the British Columbia Coast by long odds."

"It will mean New Westminster will get all the lumber business, since the new tolls apply to log booms."

Tugboats of thirty-five tons register, towing the equivalent of 300 booms of eight sections each in a year, and delivering 100 to Victoria, 100 to Vancouver and 100 to New Westminster, will pay \$1,210.65 in harbor dues, compared with \$1,410.25 before the regulations were put in force, Mr. Hamilton declared.

RESULT AT PORT ALBERNI
Port Alberni's collections under the April 1 regulations will amount to roughly \$160,000 a year, he said. A chartered tramp steamer arriving from the Orient and calling at five ports—Vancouver, Fraser River, Victoria, Chemainus and Alberni—would pay \$520 instead of \$221.

Legality of the order-in-council to include log booms in its list of "vessels" was questioned by Sidney Smith, barrister, who, when asked for a legal opinion, said:

"The new regulations concerning log booms are absolutely ultra vires. The Canada Shipping Act, upon which the order-in-council is based, does not include them so the new regulations certainly cannot do so."

be continued, we will be faced with an exodus of people who will be forced to seek a livelihood elsewhere," declared a well-known Victoria businessman yesterday.

His sentiments were echoed by Capt. Fred Priestley, master of the British freighter Filileigh, from Barry, Wales, who paid Harbor Master M. C. Ironside, of Nanaimo, \$58.72 for the privilege of loading coal at that port for four hours.

Captain Priestley, who visited this city yesterday while his ship was loading lumber at Cowichan Bay, maintained it would have been cheaper to have remained in Vancouver and have the coal brought over by scow. "The ship could have been coaled while we were taking cargo," he said. "In that way we could have saved most valuable time. As it was we lost ten hours by going to Nanaimo, which was worth approximately \$150 or more to me. Next time I shall remain in Vancouver and complete all the business there I can."

TYNDAREUS CHARGED
Under ordinary circumstances the Filileigh would have paid \$7 to take coal in Nanaimo harbor. If the vessel called there during the year the sum would again be charged. After that, however, it could call ten times and no additional fee would be assessed against it.

The Blue Funnel liner Tyndareus, which coaled at Union Bay during the week-end, was charged \$143.72. Meanwhile, local business interests are losing no time in their active efforts to have the charges reduced to the old scale.

SPECIAL MEETING
Knowing that continued imposition of the charges will mean evil days, not only for Victoria but for the whole of Vancouver Island, Chamber of Commerce directors have called a special meeting for Thursday at 11 o'clock to hear the report of their vice-president, Duncan McBride, and Harold Elworthy, representing the Island Tug & Barge Company. These delegates attended the meetings of the twelve-man committee representative of shipping industries and industry along the Coast of British Columbia from Victoria to Prince Rupert, called by the Vancouver Merchants' Exchange in Vancouver yesterday.

The protest sent Ottawa by the Victoria Chamber of Commerce was unanimously endorsed by the Kiwanis Club at its luncheon yesterday, when the matter was placed before members by Arthur Dowell, vice-president.

Premier Pattullo intimated yesterday that the Government would forward Victoria's protest against change in Federal port dues to Ottawa. The Government's own reaction to the dues, however, will not be known until the Cabinet has had opportunity to examine the changes ordered.

VANCOUVER, April 6 (P)—Permit for construction of a \$385,000 sub-station for British Columbia Electric Railway Company in the east end of Vancouver was issued by the city building department today.

BEAR MESSAGE TO PRESIDENT

Governor Presents Scouts With Good-Will Letter From B.C. Premier

Hon. Eric W. Hamber, Lieutenant-Governor, yesterday at Government House presented Arthur Freeman and Philip LaPortune, of the 1st Cowichan Scout Troop, with a letter to President Franklin D. Roosevelt, signed by Premier T. D. Pattullo, which the boys will personally deliver to the head of the United States Government in Washington.

The boys will leave here on April 24 and cycle across the continent to attend the grand Scout Jamboree in the American capital the end of June.

In delivering the letter into the boy's care, Mr. Hamber wished them success in their long trip and said he felt sure they would uphold the honor of Canadian Scouts at the big gathering. He also made a personal presentation to each of the boys.

PREMIER'S LETTER
Following is the letter which the scouts will deliver:
"The President of the United States, Executive Mansion, Washington, D.C.
"Dear Mr. President: I have the honor to introduce to your kind attention the bearers of this letter, Troop Leader Arthur Freeman and T. Philip LaPortune, of the 1st Cowichan Troop, Vancouver Island, who have cycled some 3,600 miles, from the capital of this province to the capital of the United States, to represent the Boy Scouts of British Columbia at the International Jamboree being held in Washington."

"I am most happy to seize this opportunity to send a message of greeting and good will to you, Sir, upon the occasion of the Jamboree, first in your capacity of Patron of the Boy Scouts of America, and second, as Chief Executive of Canada's great neighbor to the South. May the relations between the youth of Canada and the United States which this gathering will foster, make still more cordial and secure the friendship which has so long existed between our two countries."

"I have the honor to be your obedient servant."

"T. D. PATTULLO,
"Premier of British Columbia."

CANNY LAD
Ap Rhys was asked what regiment he would join in the event of a war, and it was suggested that probably he would like the cavalry. "No," he replied in definite tones. "When they sound the 'Retreat,' I don't want to be hampered by no horse."

Drama Festival Has Increased Interest And Bigger Audience

Keinert Wolff Delivers More Cogent Criticism in Adjudicating Four Plays Presented at Shrine Auditorium Last Evening

DECLARING that he had enjoyed himself immensely, much more than on the opening evening, and that his interest in the event was picking up, Keinert Wolff, adjudicator at the sixth annual British Columbia Drama Festival, again last night at the Shrine Auditorium delivered some cogent criticism that seemed to win the warm approval of the considerably larger audience present.

On the whole the plays were far better than the previous night, Mr. Keinert said, before taking up in detail his analysis of each.

Four plays were given last evening.

OBVYA CLUB
Obvya Club's presentation of "There Is No Return," a one-act drama by Eric Bradwell, directed by Norman F. Buckle, was the first. The cast comprised John Adam, Margaret Dunne, Honor Benson, Richard Gatehouse and Norman Buckle. This was awarded eight points for scenery.

The first criticism was that one of the important properties, the photograph of a young man killed in the war, was placed too far back and in a position where it could not easily be seen by all the audience. The father's age was not convincing, and the mother was too sentimental. Players should learn to speak to the eye and not to the ear; in other words, speech had to be made so vivid on the stage that the other characters on the stage would not only be able to hear it but see it. Judith (Miss Benson) was commended for her "good connection," good diction and good projection. Roddy (Norman Buckle) was not convincing about his blindness, being too familiar with the properties.

PRIORY PLAYERS
The Priory Players gave the second play, "Influence," by Ellen O'Brien, directed by Emilia McConnan, the players being Millie Redgrave, Tony Wylie, Leslie Clarke and George Gunn.

While the character of the mother in the written play was the one that appealed most to the reader of the play, as acted it failed to excite sympathy. In the play, a stove was one of the properties, as it was again in the last play. In neither play did the actors treat the stove as if it were hot. The author of "Influence" was criticized for making her characters use colloquy, which "went out" about 1900. All the actors in this play were too melodramatic. They knew that the scene should be filled with emotion, so they put themselves in a state

of tension, of false action, instead of striving for relaxation.

PUNCH AND JUDY.
Punch and Judy Theatre entered "Crucifix Lane," a tragedy by Constance Gilmour, directed by Muriel Thompson. The players were Mabel Ridley, Muriel Thompson and H. F. Hurn.

This was the first play in the Drama Festival up to the present time that accomplished its purpose, said the adjudicator. Mabel Ridley as Mrs. Quick was particularly commended, her dialect meeting with warm approval. The stage quarrel in this play, as so frequently happened, failed to convey the effect of being a quarrel.

SHAMROCK PLAYERS
The last play was the Shamrock Players' "Between the Soup and the Savoury," a Gertrude Jennings comedy directed by Marion J. Ord. The players were Opal Abercrombie, Dorothy Davies and Clemency Ord.

The characters had the fault of playing much of the time with their backs to each other. The cook (Opal Abercrombie) really used her properties, but her dialect was not convincing. None of the laughter was convincing. Emily (Clemency Ord) tended to overplay her part. The play had more variety of tempo than any play in the festival to date, and the characters had the virtue of really listening to each other.

A LAW TO HERSELF
We overheard several workmen discussing their wives' faults and failings. One dolefully chimed in: "If Moses had known my missus, he'd have written another bloomin' commandment."

Statistics show that in 1932, the ebb of the depression, all the American Protestants gave together for foreign missions just a bit over \$5,000,000. That same year the American people spent \$100,000,000 for chewing gum, \$400,000,000 for coffee, \$750,000,000 for cosmetics, \$850,000,000 for movies, and \$3,600,000,000 for tobacco. For every dollar

Here is a picture of the book of dance lessons you will get... 20 lessons in all... the newest, popular steps... 63 photographs... 19 diagrams... every page will help you to become a better dancer... win popularity and more good times.

START NOW to Learn to Dance Smartly... Clear Up Your Skin... Enjoy more Good Times

IT'S EASY to make yourself a good dancer with the help of this exciting book of lessons. Learn to Rhumba... Tango... Waltz... the newest popular Fox Trot steps! Read the helpful hints on how to lead... how to follow... how to be light and graceful! Pictures, diagrams make every step clear and easy-to-do!

Save the Labels

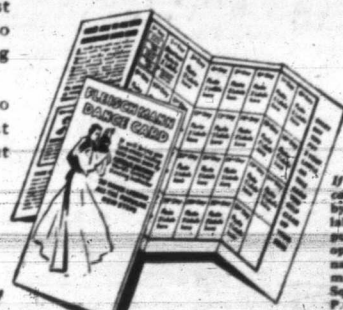

Ask Your Grocer for this Fleischmann Dance Card Today!

How to Get This Book...
This Arthur Murray Dance Book is NOT FOR SALE. The only way you can get a copy is by saving Fleischmann Yeast Cake Labels. Ask your grocer to give you one of the free Fleischmann Dance Cards. Paste your labels on it as directed. Send it in. The book is yours!

Fleischmann's fresh Yeast is known to boys and girls everywhere. It is one of the best ways to help get rid of the pimples that so often spoil good looks and good times during adolescence.

Whenever your skin shows any tendency to pimples start eating Fleischmann's Yeast. Eat 2 cakes regularly—every day—a cake about

1/2 hour before meals, or at bedtime. And don't forget to save the labels! Remember—they are the only way to get this marvelous book of dance lessons. Be sure to ask your grocer for the Fleischmann Dance Card. Start pasting your labels in it today!

If your grocer has no dance cards you can get the book by pasting 40 yeast cake labels on a piece of paper, or putting them in an envelope. Send them, with your name and address, to Fleischmann's Yeast, 961 Dominion Square Building, Montreal, P.Q. (This offer good until August 31, 1937.)

Imperial Spirit Is Evident Throughout British Dominions

Rev. Dr. David Lang Brings Message to Canadian Clubs Following His Tour of the Antipodes on Interpretation Mission

REV. Dr. David Lang, of Pittsburgh, who still retains his Canadian citizenship, contributed a real treat to the Men's Canadian Club and also the Women's Canadian Club by his illustrated addresses delivered yesterday in turn to each of these bodies in the Empress Hotel.

The address to the Men's Canadian Club was introduced by the speaker paying a compliment to the great work that had been done in turn by Sir John A. Macdonald, Sir Wilfrid Laurier and Lord Strathcona, in cementing the ties between Canada and the Motherland.

The first mentioned, he stated, had done a great work in bringing about the Union of Canada and later in the completion of the C.P.R., thus maintaining the unity of the Dominion. In the case of Sir Wilfrid, there had been brought about an understanding between the Anglo-Saxon and the French-Canadian sections of the country and between the Protestant and Roman Catholic sections of the Dominion. He had also done a good work in defining the relations between Canada and the Motherland.

STRATHCONA'S WORK
Lord Strathcona, said Dr. Lang, had done a great work in the unification of Empire. His work in the Hudson's Bay Company and later in the C.P.R. and in the Imperial contribution to Strathcona's Horse

for service in South Africa had all aided the cause of Empire.

When Dr. Lang had seen Strathcona late in his life, the latter was still engaged in his work, hoping to do something towards linking up the parts of the Empire by services across the Atlantic and the Pacific.

Dr. Lang said his recent visit to the Dominions of Australia and New Zealand had had the effect of bringing about a better understanding of conditions, and continued intercourse among the parts of the Empire could not fail to make for better understanding.

BRITISH SENTIMENT
In the countries in the South Seas he found that 97 per cent of the population was of British descent. In all parts visited, he observed the characteristic ideals of the Britisher ever in evidence. These were a belief in democracy; a love of freedom; unflinching principles of integrity and a love of peace.

Dr. Lang referred to the development in the world today of the feeling of neighborliness. The world had been brought closer together and each nation now was to a large extent playing in the other's backyard. There must be either the law of the jungle enacted, namely, "Get all you can," or the good neighborhood with a brotherly feeling.

UNIQUE POSITION
"Canada was situated in a peculiar position to make herself felt among the parts of the Empire and in interpreting the United States to the various parts of the Empire," Dr. Lang concluded.

Col. H. T. Goodland, who presided, said that the C.P.R. had done a splendid work in sending Dr. Lang to Australia and New Zealand on a good will mission to tell these countries about Canada.

John Cochrane, in thanking the speaker, referred to the most interesting character of the address. It was a noble task that Dr. Lang had had in his attempts to unify the Empire on his mission.

A very interesting collection of pictures was shown following the address.

Dr. Olga Jardine, formerly of New Zealand, now resident here, moved the cordial vote of thanks to Dr. Lang at the Women's Canadian Club gathering, and Mrs. S. J. Willis, the president, coupled with this an expression of thanks to Alfred Huxtable, who operated the lantern. The soloist, Miss Doreen Wilson, gave great pleasure with her two charming numbers, "Still We Die Night" (Bohni) and "When I Was Seventeen."

SECTION OF ACT FOUND ULTRA VIRES

Continued from Page 1
to be no end to reported decisions on similar points.

"A careful comparison of the Provincial enactment with the code section satisfies me that, while different in phraseology and in penalty, both deal with the same subject matter, and further that Sub-section 7 of the Motor Vehicle Act was in effect passed for the purpose of creating and punishing a crime rather than for the purpose of regulating matters within the jurisdiction of the province.

"That being the case and the subject matter being one with reference to which the Dominion Parliament is competent to legislate, then in my opinion the code section must prevail. It necessarily follows that the provision under the Motor Vehicles Act is inoperative.

DISCHARGE ORDERED
"I express no opinion as to the validity of the provisions in that act respecting what is known as 'hit-and-run' drivers" as they stood prior to the incorporation of Sub-section 7 referred to.

The accused, being charged under an inoperative enactment, is therefore entitled to his discharge, which I order."

GOVERNMENT PUSHING ON

Continued from Page 1
lines as they drove to reach Durango. (Insurgent accounts said they were only six miles from their goal.)

FIRES ON PLANE
GIBRALTAR, April 6 (P).—The British destroyer Gallant tonight was reported to have opened fire with anti-aircraft guns on an airplane which dropped a bomb near her in the Mediterranean.

The missile fell in the water as the warship was between Alicante and Valencia. Government-held ports on the Eastern Spanish coast.

The "Pebus" (Spanish) News Agency in a dispatch from Alicante, said the warship drove off its attacker with anti-aircraft fire.

Dispatches said possibly a Spanish insurgent plane had mistaken the destroyer for a Spanish Government vessel.

The Febus Agency also reported that several hours after the Gallant incident, two airplanes attempted to bomb another warship whose nationality was not verified, fifteen miles off Benidorm Island.

Clean-Up Campaign

SOLID practical values in fire-proof homes, offices and stores; enhancement of realty prices because of well-kept premises; and the satisfaction of a clean and orderly town are the intangible but real advantages to be secured by Victoria in the present "Clean-Up, Paint-Up" campaign, officials of Employment Service of Canada pointed out yesterday, in continuation of the drive fostered by many Victoria groups, under the sponsorship of the Junior Chamber of Commerce. Three days remain of the campaign; days in which casual work created for men and women will be much appreciated by the employment bureau, whose telephone is Garden 2411 and Empire 1931.

TRESPASS CHARGES BEFORE COURT HERE

In the city police court yesterday morning charges against eleven longshoremen of having trespassed in remaining on the property known as the Outer Wharf after they had been instructed to leave it, were proceeded with. The case occupied all morning when it was adjourned until Thursday for further evidence.

Captain Edward Kelly, wharf superintendent at the Outer Wharf, testified that he did not see any of the men on the wharf when he boarded the American steamer President McKinley, on the day complained of in the information. William Allan, agent of the line, had said in the hearing of Captain Kelly that if any order had come from Seattle regarding the employment of these men, it would have come to himself (Mr. Allan).

Evidence of Inspector Boulton and of John Fry, who was acting as watchman, as well as police officers was taken, setting forth the question of whether there was a trespass or not.

C. L. Harrison is prosecuting, with Roy Maner watching the proceedings for the Rihet Consolidated. Ltd. Stuart Henderson appears for the defendants.

HEDLEY REPORT NOT READY YET

Facts Will Be Made Public After Full Review Completed, Premier States

"The public may rest assured that it will be given the fullest possible information on the Hedley situation," Premier Pattullo, K.C., reiterated yesterday on behalf of the British Columbia Government.

The interim report of Commissioner G. L. Fraser, now under review by the Province, will be followed by a further report having reference to stock dealings and also to the actual contents of the ore, the Premier said.

When the Province has all reports before it, coupled with results from physical examination at the mine, the question of publication will be settled, he said.

MARITIME PAPER PRAISES BUREAU

Local Tourist Trade Is Subject of Editorial in Halifax Daily Herald

Quoting figures recently issued by the Victoria and Island Publicity Bureau, that visitors to this Island left the sum of \$2,800,000 here in 1936, The Halifax Herald draws attention to the work done by the organization, in an editorial in its issue of March 23.

"The bureau did not confine its effort to encouraging automobile traffic only, but helped to tell thousands of others of the attractions to be found in that resort," the editorial points out.

"Consequently, a carefully-checked estimate of the number of visitors is 300,000, or more than seven times the population of the city."

Gets Jail Term Minus Sympathy

NORTH BATTLEFORD, Sask., April 6 (P).—John Pyllypow, twenty-one-year-old farm laborer who admitted stabbing himself deeply in the side in hopes of gaining the sympathy of the girl he loved, today began a six-month jail term. After stabbing himself with a penknife, he told a story of being attacked brutally, according to evidence. He was convicted of fabrication of evidence.

NOT THE BOSS

"Spare a copper, mum, or a meal, for a poor bloke what's just left prison," the tramp said.
"Just left prison!" the housewife snapped. "You ought to be ashamed to own it."
"Oh, I don't own it, mum," he said gently. "I was only a lodger, like."

3 CHIEF REASONS for buying a C.C.M.

C.C.M. HERCULES COASTER BRAKE **C.C.M. TRIPLEX HANGER** **C.C.M. STRONG FRONT HUB**

TODAY'S need for speed and safety makes necessary a quick and sure-acting Coaster Brake on your bicycle. The famous C.C.M. Hercules is such a brake. The least touch in reverse and on goes the brake—smooth—sure—increasing in power as you increase the back pressure. Then a forward turn and the C.C.M. Hercules instantly drives you forward. But why, you ask, is this performance so sure and smooth? The answer is finer steel—bearings scientifically hardened—correct design and above all, accurate machining to a precise degree.

THE HANGER is the power plant of a bicycle. To it is attached the front sprocket, cranks and pedals. It is that all-important part of a bicycle which converts your "leg-power" into the "vehicular motion" that rolls you along. If the hanger of your bicycle is not carefully made, cycling becomes harder. On the other hand, if you have a C.C.M. with a C.C.M. Triples Hanger, you will find cycling an effortless delight. The reason for this is the watch-like precision with which every one of the 15 parts of the Triples Hanger is machined, finished and fitted.

TAKING the first shock of bumps, twists and turns is the front hub of your bicycle. It must stand up to this severe service and continue to run true in its bearings. In the C.C.M. strong front axle you get such performance. The sturdy axle is hardened steel. The bearing races are accurately machined and scientifically hardened. These features enable the C.C.M. front hub to run smooth and true through years of continuous riding. When you buy a bicycle buy the best—a C.C.M. It may cost a little more but it is worth a lot more in the years of trouble-free service that it will give you.

C.C.M. "Girls" or "Boys" . . . \$32.50	C.C.M. "Road Racer" . . . \$39.00
C.C.M. "Crescent" Men's . . . 36.00	C.C.M. "Ladies" Sport . . . 39.00
C.C.M. "Ladies" . . . 37.00	C.C.M. "Motorbike" . . . 42.50
C.C.M. "Boy Scout" . . . 38.50	C.C.M. "Flyte" . . . 50.00
C.C.M. "Standard Roadster" . . . 38.50	C.C.M. "Delivery" (less Basket) . . . 50.00

Time payments may be arranged for a small extra charge. Ask your dealer for a catalogue.

CITY OF VANCOUVER HAS ITS BIRTHDAY
VANCOUVER, April 6 (P).—The City of Vancouver was fifty-one years old today. On April 6, 1886,

the city's charter was signed by Hon. C. F. Cornwall, then Lieutenant-Governor of British Columbia.

The first civic election was held on May 3 of that year, and a few days later the first mayor, Malcolm MacLean, was sworn in.

Professor: "I forgot my umbrella this morning."
Friend: "How did you remember you forgot it?"
Professor: "Well, I missed it when I raised my hand to close it after it had stopped raining."

IMMIGRATION

The advocates of a new immigration policy for Canada have overlooked some considerations where it is sought to induce residents of the British Isles to come to this Dominion. In the first place there is a serious discussion at the present time on the declining birth rate in the British Isles. Professor A. M. Carr-Saunders, an authority on vital statistics, points out that Great Britain now has a surplus of elderly persons, and that the proportion of those in middle life is now greater than at any time in the past and is increasing. He believes that by 1940 this age factor will make itself felt and that there will be a progressive decline in the population. It is more than likely that this gloomy result will not ensue because Nature has a habit of defying the prognostications of statisticians, but the fact remains that what is forecast is having its effect on the British outlook on the immigration of her sons to other lands.

There is, too, the question that industrial activity is very pronounced in Great Britain. There are openings for all skilled workmen, and instead of migration taking place as it has done in the past, many persons from the Dominions and the colonies are going to England and finding work there. From New Zealand two persons went to Great Britain for every one that migrated to New Zealand from the Mother Country during the past fiscal year. The fact is that there are more opportunities for finding jobs in the Mother Country than anywhere else throughout the Empire, that is for those who are skilled workmen, and indeed for many others as well.

Great Britain has a surplusage of elderly people who do not emigrate. The country officially may readily be recognized as not anxious to encourage an emigration policy at this time when she is so interested in building up her defensive forces and modernizing large sections of her industry. Her prosperity is attracting immigration to her shores. The recent call by the Air Ministry for pilots brought adventurous youths from all parts of the Empire. That is a situation that is going to continue for some time to come.

Almost the only section of the British population from which immigration might be obtained at the present time is the unemployed. Many of these, as experience has shown, are perfectly satisfied with the dole they obtain under unemployment insurance. Only comparatively few men are attracted to the Navy, the Army and the Air Force from the unemployed, although these three services are engaged in building up their personnel. With the conditions that obtain the outlook for any immigration policy by this country that would attract British settlers of the right kind at this time seems futile. It is the facts of the situation that must be faced, and these are seemingly all against any new influx on a progressive scale of settlers from the British Islands.

VATICAN VERSUS REICH

In his Palm Sunday letter to German Catholics, Pope Pius XI issued what is practically a challenge to the Nazi Government to keep its promises or to fight. Secretly distributed and simultaneously read from Catholic pulpits, the letter accused the Government of having evaded, misinterpreted and violated the provisions of the Concordat of 1933. It asserted persistent disregard of the compact providing for the continuance of Catholic schools. Teachers have been persecuted and parental rights invaded. The neo-paganism is arraigned that holds—as Church Minister Kerri recently stated—that "Christianity is represented by the Nationalist Party" and not by "faith in Christ as the Son of God." The Pope denounces this as "an idolatrous cult." Then he declares that he "desires peace with the Nazi State," but that "if peace is not to be, then the Church of God will defend its rights and liberties." This assuredly is an ultimatum.

This challenging letter is the climax of many protests that have been lodged by the Pope through the Church authorities in Germany during the past three years, as they have seen their priest imprisoned, church publishing houses closed, their youth stolen by the Hitler Youth Movement, Catholic labor and social groups broken up, and worst of all, Catholic schools disintegrated. Much of what the Church possessed in 1933 and which was guaranteed by the Concordat has been lost. The Church has in fact played a losing game. Now it has its back to the wall, and "will defend its rights and liberties." The Nazis press calls the Pope's deliverance "foreign interference in a domestic affair." A dispatch from Rome notes as significant the absence of the Pope's Easter blessing. Significantly, too, the press reported on the day following the letter the abolition of religious schools in the Saar-Palatinate.

If the Third Reich intends to press to the limit its ideology of a totalitarian state and to dragon the Churches into complete submission, its leaders would be well advised to read their own German history. The present situation resembles that of the Kulturkampf of 1879, when Bismarck, "infamed with ideas of German nationalism and imperial omnipotence," attempted to subject religious education to the civil power. The fight lasted twelve years, but the Roman Church emerged from that struggle stronger than it entered it.

The Church of 1937 may not be stronger than that of the seventies of the last century, but it has tremendous resources. It has a united front throughout the world. Its Pope is now King of the Vatican, with consular representatives in scores of countries. It is in his power to marshal powerful economic and political forces against the Third Reich; indirectly it may be, but definitely. Germany's closest ally at the moment is Italy, and Italy is Catholic. Germany covets Austria, and that country is of the same faith. The Nazi authorities have enough domestic

troubles without adding a Catholic persecution, a persecution whose reaction throughout Christendom might menace German security. The Holy Pontiff has thrown down the gauntlet. Herr Hitler would do well to check the extremists and formulate a compromise with the Church.

THE SIT-DOWN STRIKE

To the ordinary observer it seems superfluous to spend time discussing the "legality" of the sit-down strike. That a number of workmen, few or many, are acting within their legal or moral rights in taking possession of a factory and resisting any attempt to dislodge them, is a notion so completely at variance with the belief of the vast majority of men in all ages as to require no refutation. It calls for no expert knowledge of law to recognize in this form of disorder an act of violence, or a series of acts, involving trespass by the invaders, who not only appropriate to their own use premises which do not belong to them, but also prevent the owners from operating their own machines therein.

In a manufacturing town in the United States there has occurred an incident which illustrates in a lively way the absurd lengths to which the "sit-down strike" idea may extend and to which, unless firm measures are taken, it is likely to extend. Some trouble-makers proposed a sit-down strike in the "mixing-room" of a certain plant. Their fellow workmen did not approve of the idea. It was disapproved by the labor union. The malcontents even failed to secure the approval of all the workers in the mixing-room. Nevertheless these men took matters into their own hands in defiance both of general law and of the authority of their union. The plant was shut down for several days and 10,000 men thrown out of work by the action of a group of sit-down strikers who numbered seventeen all told. It seems incredible, but the story is told on the responsibility of The Atlantic Monthly, a very reputable institution. The incident occurred at the Goodrich plant at Akron.

The statement has appeared in the public press that the acknowledged leader of the C.C.F. in the Dominion believes and says that this kind of action is legal, and therefore, we may presume, justifiable on moral grounds. The C.C.F. leader has, in his odd, wrong-headed way, espoused a number of fantastic ideas in the course of his career. This, however, is probably his outstanding achievement as a preacher-up of queer ideas. Some of his ideas are queer in themselves, and some because they are inconsistent with the other parts of his ideology. Here is one which is queer for both reasons. He appears to have overlooked, or forgotten, what would happen to a group of sit-down strikers in the fair land of Russia. Russian radical logic, bad as it is, is at least more consistent than that of its Canadian admirers.

Mr. T. D. Pattullo is now Premier, Attorney-General, President of the Executive Council and Minister of Railways. Those various duties will be performed with equanimity, with efficiency, without undue labor, and indeed with just as much skill as if there were four occupants of the posts. Moreover, Mr. Pattullo will find time to go about the country upon his lawful occasions without being tied down more than in the past to the seat of government. His assumption of the Attorney-Generalship illustrates anew how easy it would be to reduce the number of Cabinet Ministers in the Province.

Signor Mussolini must have a magnetic personality for on his recent visit to Tripoli he was presented with "the Sword of Islam" by Moslem notabilities. It was given to "the victorious Duce" in the name of the soldiers and the Moslems of Libya. On the strength of this Signor Mussolini claims the title of "Defender of Islam." This claim is not recognized in Egypt where Sheikh Mustapha El-Maraghi says that no person can claim to be the champion of Islam except a Moslem, one who will do all in his power to uphold the teachings of Islam.

The violence of sorrow is not at the first to be striven with, being, like a mighty beast, sooner tamed with following than overthrown by withstanding.—Sir P. Sidney.

The Weather

Meteorological Office, Victoria, B.C., at 7 p.m., April 6, 1937.

SYNOPSIS OF WEATHER CONDITIONS: Pressure is rising over Southern British Columbia, light scattered showers have occurred in many parts of the province, and the weather has become warmer in the interior and also on the Prairies.

PRECIPITATION AND TEMPERATURES (Precipitation—rain or snow—for twelve hours to 7:00 p.m., temperatures for twenty-four hours.)

Note and Comment

By Sandham Graves

Sandwiched in between diplomatic marching and counter-marching, armaments, speeches, strikes and the police blotter, which seems to make up the daily grist of wired stories on this continent at present, there were many interesting events last week in the off-stage activities of people: in their human, and at times inhuman, relations. Here are a few, with human interest:

Take the case of a Novara, Italy, merchant who gave his daughter a wedding gift of 28,000 lire, approximately \$1,500, in treasury certificates. Now Italian certificates of this class are numbered, and there is a state drawing in connection with each issue. The bride held one certificate which won later a prize of 450,000 lire, roughly \$22,500. It did not bring joy, that prize. No sooner was it known than her brothers and sisters said they were entitled to a share in it; and they all went to court. Inevitably she will be left with merely a receipt for the money.

Down in Schenectady, which the world will remember for original experiments with Tesla coils, a state legislature is wrangling over its budget, with estimated expenditures of a million dollars a day, and a deficit placed at \$400,000 for the year to come. The Speaker of that assembly complained to the police that a dime-bank in his home had been stolen by robbers, and \$8 taken. The robbers, however, merely took a few of the dollars that were in sight. The legislature is planning to use \$400,000 that are not in sight. Yet no one has thought to suggest that there is a disturbing similarity in both actions.

There can be danger in denying children, especially small children, an audience. This was tragically demonstrated down East when two boys, six and five years respectively, were playing in an excavation left open by workmen at the noon hour. One lad picked at the sides of the trench with a hammer. A rock fell out. Other stones followed. A small slide occurred, and the younger of the two boys was completely buried. His companion raced off to the home of his playmate. There was nobody home. Nonplussed, he tarried for a bit; and then returned to his own home. At luncheon he tried to tell his own parents. They were "busy." It was twelve hours later when a neighborhood search party reached that home, in the course of a house-to-house canvass for the missing lad. "A lot of rocks fell on Junior," the six-year-old playmate said, when given a chance to speak. He led the party to the excavation, where the younger child was found—suffocated to death. Always hear out a child!

Arrested for taking some packaged goods in their round glass containers, a minor miscreant confided to the police in Springfield, Mass., the other day that he was the most unlucky fellow in the world. He produced and belittled a rabbit's foot that he had carried for ten years. The rabbit's foot was not working for him; but against him, he complained. "Throw it away. The blank thing has never brought me anything but bad luck all the years that I have carried it," he told arresting officers. Of course they won't throw it away. Where is the man in that part of the country who would throw out a rabbit's foot, even one with a sinister reputation? Then, it might work for the accredited officers of the Law.

Science is wonderful. Three students at the University of Wisconsin have, according to the Associated Press, completed four months of dieting, in the interests of research. One poor fellow lived, nay existed, for sixteen weeks on three and a half quarts of milk, two apples, and two oranges, each day. Another was kept alive by kindness, four quarts of mineralized milk, but only one orange and one apple, daily. A third brave fellow also stayed on liquids until he fairly gurgled. Copper, magnesium and iron were added to the milk, to make it mineralized. Under close and clinical observation, all three martyrs lived; but their first request afterwards was for a two-pound beefsteak, smothered with onions.

In a certain fire hall in the middle West there is a mascot dog who knows his fire-fighting. When a lighted cigarette is thrown on the ground he pounces upon it with his forefeet, and keeps jumping on

the butt until the embers are out. Then, and mark this well, for humans do not use equivalent care, he touches the cigarette butt with his tongue, steps on it once more, and walks off with his head held high and his stumpy tail in the air. We could use dogs like that in British Columbia, particularly along the roads and in the bush in Summer. Of course, we might train human beings to step on their butts, but sometimes I doubt it.

By THE EDITORIAL STAFF

Others Took Offense

"I would like to see all fences torn down," said an alderman at a council meeting Monday evening. If he had a "nice" garden with many dogs and baseball-playing youngsters in the neighborhood he might change his wish on the "fence" part.

Last time we went to a dog show, which is a rather boring affair to those who do not raise dogs or have a canine at home, we were possessed of a fateful impulse to nonchalantly stroll in with a large bag containing three or four cats and suddenly release them in the middle of the hall. We learned some interesting facts regarding Pekinese, once the favored animals of Chinese Mandarins. It appears the tiny dogs are known in China as the "iron hearted," for they fear no man nor beast. The master of Bo Leon and Jul Lul told us his two Pekies thought it great sport to chase Akasians and other large dogs. He told us that with careful training a Pekie can be made to understand a large number of words. Sign in the Coach Lines waiting-room: "McAll's Magazine, \$1." No magazine of that name is published. The nearest to it is McCall's Magazine. Not long ago a man leaving the city sold an orphan automobile that once cost \$5,000 for \$150 cash. A week later we noticed a garage man trying to sell the same machine for \$500. Aubrey gets quite disgusted when many of his married friends use his as an excuse for staying out late at night. When the wives see Aubrey he usually receives a piece of their minds, and it often happens he is perfectly innocent. But on Monday afternoon Aubrey was really guilty. He took Horace up to his flat for afternoon tea, and Horace was late for an appointment with his mother.—G.B.

It All Depends

It does seem peculiar that the same Government that could not afford to save one of the most historic buildings in British Columbia from destruction, could pay \$90,000 to tear up old street car tracks at New Westminster. But then—the building was on Vancouver Island—and the street car tracks are on the Mainland. It all depends where these old things are located.—B.A.M.

Give the Boys a Break

Mill's Corner, local juvenile soccer team will play Nanaimo in the Island football final here shortly. The officials of the Saturday League should give the youngsters a break and allow them the use of the Royal Athletic Park. Even in juvenile soccer teams there are items of expense and in the Nanaimo match there will be traveling costs. The juveniles of today are the seniors of tomorrow, and as such should be given every consideration by the senior leagues. Surely for once the Saturday League teams would be only too willing to give the exposure over to the Juvenile Football League for the cup tie.—S.T.

A Great Party

Everything went over with a bang as the annual journalist meeting and banquet held at the Uplands Golf Club. Our new president, "Sandy," did a neat job of handling the programme. Vivian, Doreen, Bill, Sid, Ray and the Royal Victorians put over a splendid musical programme and all received fine ovations from the large attendance. "Mac" was master of ceremonies when the orchestra was holding the floor. Twice during the evening "Mac" took my name in vain and the crowd laughed while I did the blushing. However, there will come a day, "Mac," when I will be the one who will do the laughing. Harry, newspaper man down at the next corner, led the orchestra through one number waving a couple of daffodils and received a big hand. We were honored with several members of the Vancouver branch. There were Charlie Sutherland, Jimmy Butterfield and Stan Sutherland, from the Province; Charlie DeNeux, from The Sun, and Al Williamson, from The News-Herald. All gave fine speeches, with the exception of Stan, who was just introduced as the man who was substituting for Bruce Hutchison in the Press Gallery at the buildings. That impersonation Ray gave of a well-known managing editor went over amid roars of laughter, while Ted gave a monologue of

FIFTY YEARS AGO TODAY

(From The Daily Colonist of April 7, 1887)

Rifle Match—A rifle match will take place on the Clover Point range tomorrow afternoon between a team from H.M.S. Cormorant and a team consisting of members of the artillery and rifle corps combined. Firing will commence at 2 o'clock sharp, at the 200, 400 and 600-yard ranges, five shots at each distance. The range has been thoroughly repaired and put in order for the coming season's shooting, and will be found to every respect satisfactory to competitors. We understand it is the intention of the Provincial Rifle Association to send a team of five to the Dominion rifle matches in September next, and it is hoped that our boys by constant practice will be able to furnish such a team as will be a credit to the Province.

Rural Hospital—The directors of the Rural Hospital held their regular monthly meeting yesterday afternoon. The president in the chair, a report for the month was read, which showed that the capacity of the institution was being taxed to its utmost. Forty-two indoor patients had received treatment during the month. Seven were discharged and twelve were admitted. There were two deaths. Nine invalids received treatment in the convalescent home. Dr. Davis was reappointed visiting surgeon for the ensuing year.

IS APPOINTED TO PRINCETON

J. G. Fox, Victoria, Receives Research Assistantship At University

Word has been received that J. G. Fox, Brighton Avenue, Victoria, graduate student at the University of Saskatchewan, has been appointed to a research assistantship at Princeton University, New Jersey. He will be assistant to Professor H. D. Smyth.

Mr. Fox attended public school at Biggar, Saskatchewan, his family later coming to Victoria to reside. On graduating from Oak Bay High School, he was awarded the Women's Canadian Club scholarship. Entering Victoria College in 1931, he was appointed editor-in-chief of "Craigheroch" in his second year. At the University of Saskatchewan, Mr. Fox attained scholarship standing as an undergraduate and was graduated with great distinction in 1935.

During the past two years he has been carrying out research work in spectroscopy under Dr. G. Herzberg at the University of Saskatchewan. He is president of the Physics Society and spent one summer in the astronomical observatory here.

DIED IN NANAIMO

NANAIMO, April 6.—Mrs. Bertha L. Preston, sixty-one, member of a pioneer family in this community, passed away at 4 p.m. yesterday, at the home of Mrs. Mary Dick, Springfield Heights, following a long illness. The daughter of the late Mr. and Mrs. W. J. High, she was well known and held the esteem of a wide circle of acquaintances. She is survived by two brothers, Warren and Ernest High, both of this city. The funeral will be held at 3:30 p.m. on Wednesday, from the Chapman Funeral Home.

STRIKE DARKENS LYON

LYON, France, April 6.—(CP-Havas).—A strike of electricity workers cut off almost all electric power and light in this industrial city for three and one-half hours today. The strikers threatened to renew the walkout on Monday if their demands were not satisfied.

A Service of Love

EVERY mother dreams of her baby's future. What her baby becomes depends very largely upon that service of love which is even more important than the tiny garments so carefully chosen. So do all you can to be sure your baby arrives that you will be able to feed the precious little one yourself.

When the expectant mother takes Ovaltine regularly in those all-important weeks before the baby is born, the mother's milk is more likely to be plentiful and rich. Ovaltine should be taken throughout the nursing period, and long after that for the sake of the mother's own health and strength. In milk, hot or cold, it is delicious!

Trans-Canada is the Telephone System which makes it possible for you to talk to any part of the Dominion where telephone service exists.

A SUDDEN emergency... sickness... accident... a business matter that admits of no delay—in such situations, as well as in everyday affairs, the coast-to-coast lines of the Trans-Canada Telephone System are always at your service. These lines stretch from the Atlantic to the Pacific and connect with local telephone circuits at every point thus providing you with nation-wide telephone service wholly within the Dominion.

Trans-Canada rates are low—lower still after 7 p.m. and all day Sunday. Use Trans-Canada Telephone. Just ask for or dial "Long Distance".

RATES

The following are the daytime, station-to-station rates (3 minutes) for telephone calls from Victoria to:

Moose Jaw	\$3.00
Regina	3.00
Brandon	3.75
Winnipeg	4.00
Toronto	6.50
Ottawa	6.75
Montreal	7.00

**FRANCHISE GROUP
HAS CONFERENCE**

Copies of All B.C. Electric Agreements to Be Examined by City Council Committee

Legal aspects of the B.C. Electric franchise were discussed by the City Council franchise group headed by Alderman Archie Willis yesterday

afternoon. A. T. Goward, B.C. Electric vice-president, was in attendance. Aspects of the Goldstream power plant, an integral part of the B.C. Electric system, were debated. When the city took over the Esquimalt waterworks system in 1915, it also assumed an obligation to take over the power plant upon expiration of the B.C. Electric franchise in 1938. Mr. Goward agreed to furnish the committee with copies of all agreements signed by the city and company. Legal interpretations of all clauses will be sought at a

number of meetings planned by the franchise group. Alderman Willis stated.

**TELLS OF TRIP
TO PALESTINE**

Overseas League Hears Address by Mrs. A. G. McDonald

An interesting description of her journeyings through Great Britain, Europe, and the Holy Land was given on Monday afternoon, before members of the Overseas League at their meeting in Spencer's dining-room, by Mrs. A. G. McDonald.

The speaker, who was in London at the time of the Jubilee celebration of King George and Queen Mary, declared that the heart of the nation was laid bare, and that His Majesty would be known to history as the "beloved monarch."

Mrs. McDonald traveled to Palestine in company with H. V. Morton, well-known author, and a company of members of the faculty of the Universities of Oxford and Cambridge. They reached the Holy Land by way of Italy and Egypt, proceeding to Jerusalem, Bethlehem, the Sea of Galilee, Bethany, Nazareth and the Dead Sea.

A glowing word picture of the spots made sacred by the journeyings of the Saviour was painted, as Mrs. McDonald described the Grotto of the Nativity; the Tomb of Joseph of Arimathea, where Christ was laid; the Mount of Olives, and the Garden of Gethsemane.

Viscount Goshen, president of the League, will speak at the honorary corresponding secretaries' convention in London, June 1. Mrs. A. E. Hodgins, who holds that office here, announced. While Mrs. Hodgins will be unable to be present, Victoria will be represented by Mrs. Henry Nicholson and daughter, Miss Kitty Lake, Miss Seater, Mrs. W. Downs, Mrs. David Doig, and Mrs. Shaw of Duncan.

Members have also been invited to attend the opening of the new wing of Overseas House, Queen's Walk, London, at which H.R.H. the Duke of Gloucester will preside, April 14. A message from His Majesty King George VI may be broadcast to the Empire on this occasion.

**NEW BISHOP
HERE TODAY**

Continued from Page 1

Bishop's Palace on View Street. At 4:30 the bishop will pay a formal call at Government House. At 6 o'clock the visiting bishops and priests will be entertained to dinner at the Empress Hotel.

On Thursday morning at 10:30 a reception will be tendered the new bishop at St. Ann's Academy, followed by dinner at St. Joseph's Hospital.

RECEPTION AT HOTEL

On Thursday evening at 8 o'clock there will be a public reception to Bishop Cody in the ballroom of the Empress Hotel, arrangements for which are in the hands of the Knights of Columbus. Representatives of the Catholic laity of the city, of the Provincial Government and of the City authorities will extend a welcome on this occasion. An opportunity will be given everybody present to meet Bishop Cody personally at the close of the formal programme.

On Friday morning, St. Louis College will welcome Bishop Cody at 11 o'clock and entertain the visiting dignitaries to luncheon at mid-day.

On Saturday morning at 8 o'clock the new bishop will say Mass in the chapel of St. Ann's Academy, the former cathedral of the diocese.

Bishop Cody will sing his first Pontifical High Mass as Bishop of Victoria on Sunday morning, April 11, at 11 o'clock in St. Andrew's Cathedral.

HEARING AFFECTED:

The constant "whistling and singing" notes of which you complain suggest that there must surely be something wrong with your hearing. Answer to Correspondent. If there is also a decided hum, it's pretty certain.

Bugalski secured a city building permit for \$1,680 yesterday, to erect a four-room dwelling at 1488 Dallas Road.**Will Vote on Beer**—Beer plebiscites at Barriere and Cloverdale for April 21 were announced yesterday in Provincial circles, after approval of the polls by order in council.**House Damaged**—The Anglican Synod reported to police yesterday that a house at 116 Olive Street, had been entered and damaged. Attempts had also been made to tear out the hot water tank.**Generator Stolen**—Fred Sparks, 322 John Street, informed police yesterday that a generator had been removed from his automobile while it was parked on Courtney Street.**New Sidewalk**—For the safety of children attending Burnside Road school, the city plans to construct a sidewalk on the south side of Gorge Road from Jutland Road to Rock Bay Avenue.**Safety Measures**—At the request of the deputy attorney-general, the City Council water board will place a rope and a first aid kit at Goldstream Park, to be used in case of mishaps during mountain climbing in the vicinity.**Inquest Held**—A coroner's jury yesterday morning brought in a verdict of found drowned, in investigating the death of William T. Andrews, whose body was discovered on the sand at Cordova Bay last Saturday.**Baby Bitten**—One and one-half-year-old Donald Gray, 2310 Victor Street, was bitten through the lip and above the eye by a dog yesterday morning. Constable Joseph Addison located the dog's owner, who promised to have the animal destroyed.**Loses Fingers**—While working on a saw at the Sidney Lumber Company yesterday morning, Harry Norris, 556 Toronto Street, lost two fingers. He was taken to St. Joseph's Hospital in a C. & C. ambulance for treatment by Dr. J. H. Moore.**Gordon Campbell Resigns**—Police magistrate and juvenile judge at Port Alberni, Gordon McL. Campbell resigned both offices this week. It was announced yesterday by Provincial order in council. Appointment of a successor was not immediately disclosed.**Shows Improvement**—J. Cocknell, seaman aboard Ss. Badestan, who was injured when struck by a falling piece of timber on Monday, will be released from St. Joseph's Hospital today or tomorrow. Dr. A. E. McKicking treated Cocknell for slight concussion and severe bruises.**Meeting Friday**—A meeting of the City Council finance and health committees to have been held with the finance committee of the Jubilee Hospital yesterday afternoon has been postponed until 3:30 o'clock Friday afternoon. Alderman Dr. J. D. Hunter announced.**To Keep K.C.**—Premier Pattullo reiterated yesterday that he would keep the title of K.C. conferred on him by virtue of the King's Counsel Act and his taking over the portfolio of Attorney-General. Mr. Justice Sloan was sworn in by Chief Justice Martin late on Monday as the junior member of the British Columbia Court of Appeal.**Trustees' Convention**—Headquarters of the British Columbia School Trustees' Association convention from September 20 to 21 will be the Empress Hotel. W. C. Morehead, K.C., chairman of the city school board, states a special musical programme will be arranged for the convention by S. P. Bailey, musical director of city schools.**Will Give Address**—"Some Early Descriptions of Victoria" will be the subject of an address to be given by Dr. W. K. Lamb at the meeting of the Men's Parish Guild of Christ Church Cathedral on Thursday at 8 p.m. in the guild room of the Memorial Hall (entrance on Courtney Street). This meeting will be open to any men interested.**Confirms Report**—A letter was received by Mayor McGavin yesterday from Hon. John Hart, Minister of Finance, confirming the mayor's report to the City Council Monday evening that the Provincial Government would assume cost of transporting prisoners to Oakalla Prison Farm as from April 1. Through the Government's action the city will save \$950 this year.**Astronomical Society**—"The Life and Work of Descartes" is the subject of a lecture to be given tonight at 8 o'clock in the Y.W.C.A. at a meeting of the Royal Astronomical Society. Robert Wallace, of Victoria College, will describe the work of this philosopher and mathematician and his contribution to knowledge. The meeting is open to the public.**Lecture Tonight**—Dean Cecil S. Quainton will give a public lecture on "British Monarchs From 1837 to 1937" at the Memorial Hall at 8 o'clock tonight. A collection will be taken in aid of the Cathedral Women's Parish Guild. The lecture will be preceded by a half-hour of music, starting at 7:30 o'clock, with Miss E. Swain, Miss Norah Jones, A. W. Palmer and C. A. Edmonds as artists.**Meaning of Coronation**—E. E. Richards is giving an address on "The Coronation and Its Meaning" in the Chamber of Commerce Auditorium tonight at 8 o'clock. Special slides in color have been made for the occasion. A large number of slides will picture England, Scotland, Wales and Ireland. A. Jackman and Mrs. Sherratt will give several patriotic solos. Rev. G. R. V. Bolster, of St. John's Church, will preside. Tickets may be obtained at the door.**Sinking Fund**—A recommendation of the finance committee that the B.C. Agriculture Association be permitted to suspend the annual sinking fund payment of \$1,291 was passed by the City Council Monday evening. Another recommendation that Harvey Kavaeger, Winnipeg, be granted fifteen days' extension of time for completion of arrangements for a proposed lease of the grain elevator was also approved.**Pacific Club Dinner**—The annual dinner of the Pacific Club will be held in the clubrooms on Friday evening at 7:30 o'clock. Speeches and entertainment will make up the programme. Members may invite a male guest. Ex-members of the club are cordially invited to attend. The accommodation of the dining-room being approximately 125, reservations, which may be made by telephoning G 8191, should be in by today.**Adjourns Case**—In the city police court yesterday, James Scouler, on a remand, came before the magistrate charged with having done grievous bodily injury to Albert Woods when the latter was injured in an automobile accident while the accused was driving the car. The case was again adjourned waiting the recovery of the injured person. The case was further adjourned for a week, bail being granted the accused.**Commences Publicity**—The Evergreen Playground Association will open its 1937 publicity campaign with a full-page advertisement in Life, April 12. Charles E. Johns, secretary of the organization, has advised George I. Warren, similar displays will follow in Sunset, Field and Stream, National Geographic and tourist magazines. Funds for the advertising are contributed by the six member cities of the association—Bellingham, Portland, Tacoma, Seattle, Vancouver and Victoria. The campaign will feature scenic and summer sports in the Evergreen Playground which comprises Oregon, Washington and British Columbia.**Floods After
Heavy Rains
Cause Alarm**

TORONTO, April 6 (AP)—Swollen by heavy rains, rivers in several Eastern Canada districts went on a rampage today destroying bridges, disrupting power plants in some places, endangering homes and flooded hundreds of acres of farm lands.

The Castor and Nation Rivers in Eastern Ontario and the Quyon in Pontiac County, Quebec, reached near record heights from Monday's all-day rain.

North Bay residents anxiously viewed the pranks of turbulent Chippewa Creek. Two schools were forced to suspend classes. Roads into North Bay were flooded.

**That Body of
Yours**

(By James W. Barton, M.D.)

**HISTIDINE RELIEVES PAIN OF
ULCER OF STOMACH AND
SMALL INTESTINE**

Despite the fact that the use of insulin will prolong the life of the diabetic, and the use of liver or liver extract will prolong the life of the patient with pernicious anaemia, it is only natural that these patients should grow tired of the continuous treatment. As you know, diabetes and pernicious anaemia were and are incurable ailments; insulin and liver simply supply the substances needed to keep the individual alive. In a somewhat similar manner, the individual afflicted with ulcer of the stomach or ulcer of the first part of the small intestine has learned that by the use of a strict diet and alkalies, calmness of mind and no fatigue of body when eating, he can remain fairly comfortable, not too much pain or distress. But just as the diabetic and anemic patients get tired of insulin and liver, so the ulcer patient often feels the desire to eat anything and everything anytime, whether he is rested or tired.

What may be a boon to these ulcer patients is now being used by many physicians in various parts of the world.

Dr. E. Feldheim, in Medical Press, Paris, reports his experience with histidine in the treatment of thirty-two of these patients. In one series, no treatment except histidine was given; the patients were allowed to eat the ordinary foodstuffs, except that spicy, acidic, or indigestible food. In another series the usual diet and alkali treatment was followed together with the use of the histidine.

To each of the patients of both groups a series of twenty injections of histidine into the muscles was given.

After the treatment had been fol-

**Piano Accordions
FREE!****Let Your Boy
Join Now**

Dozens of boys and girls in Victoria have learned to play this popular instrument by joining our Piano Accordion Club. The instrument is given Free . . . all they pay is \$1.50 a week for instruction. If on completion of the course you decide to purchase the instrument . . . all that has been paid will be applied on the purchase price. See us today for full particulars.

I would for three or four days, practically all the patients became free of pain, in spite of a usual history of prolonged and intense pain for many months.

After treatment for forty days, an X-ray was taken. The films showed that the condition of the ulcer had improved in some cases but not in others.

It was Dr. Feldheim's conclusion that although histidine alone may be extremely effective in relieving pain of ulcer, it has little ability to cure the underlying process. The point then is, that just as insulin does not cure diabetes, and liver does not cure pernicious anaemia, but relieves symptoms, similarly histidine, though not a cure for ulcer, relieves the pain and distress, and makes like worth living.

- 2 A HERMETICALLY - SEALED, FULLY GUARANTEED UNIT.
- 3 9 SQUARE FEET OF USABLE SHELF AREA FOR FOOD STORING.
- 4 FREEZES 44 ICE CUBES AT ONE TIME . . . 4½ LBS.!
- 5 DUAL AUTOMATIC CONTROL PROTECTS THE MECHANISM.
- 6 GREATER CONVENIENCE — THANKS TO FLAT, RIBBON TYPE SHELVES AND TRIGGER-ACTION DOOR LATCH.
- 7 MORE EFFICIENT CONSTRUCTION OFFERS YOU EVEN LOWER OPERATING COST THAN EVER BEFORE.

The greatest refrigerator news in years! If you have always wanted an electric refrigerator, the hermetically sealed 1937 Westinghouse fills the bill. Formerly you'd have paid \$200 or more for a first-class guaranteed refrigerator like this. With its record low price, this beautiful big new Westinghouse is the outstanding value of the times, for it is one of the best built refrigerators we have ever seen. You save at least \$20 . . . and get still more for your money! More convenience . . . new de luxe features . . . still greater economy. \$5 cash installs it in your kitchen immediately and you have up to three years to pay the balance in small installments on your regular B.C. Electric account. Now, thanks to cheaper current and still greater operating efficiency, the Westinghouse refrigerator is a bigger money saver than ever, and pays for itself in short order.

Picture this gleaming new Westinghouse in your kitchen! Think of the fresh, vitalizing food it will give you . . . of the frozen desserts to charm your family and intrigue your guests! Guarding your health by checking food bacteria . . . saving you the money you waste on spoiled food . . . saving you cash every week by enabling you to buy big lots of perishables on bargain days.

See the wonderful new Westinghouse at the B.C. Electric store immediately. Learn how easily you can buy it and how it will pay for itself in food savings alone!

Hosts at Dinner
His Honor the Lieutenant-Governor and Mrs. Eric Hamber entertained at dinner at Government House last evening when their guests were Commander and Mrs. C. E. W. O'Brien, Lieutenant-Commander and Mrs. J. C. I. Edwards, Lieutenant-Commander and Mrs. P. R. W. R. Gow, Lieutenant-Commander and Mrs. M. A. Wood, Major and Mrs. K. C. Burness, Major and Mrs. G. C. Holland, Capt. and Mrs. A. S. Parkes, Mr. and Mrs. H. Patterson, Mr. and Mrs. W. M. Carmichael, Mr. and Mrs. R. H. Edgell, Mr. and Mrs. V. D. Guthrie, Mr. and Mrs. J. R. McElree, Dr. and Mrs. J. A. Stewart, Miss Warner, Mr. and Mrs. W. B. Wilson, Mr. R. H. B. Ker, Mrs. Rice and Mr. A. M. D. Fairbairn.

At Executive Tea
At the Women's Canadian Club executive tea held in the Empress Hotel lounge yesterday afternoon, following the lecture by Rev. Dr. David Lang, the special guests included, in addition to Dr. Lang, the soloist, Miss Doreen Wilson, and Mrs. B. Stone, Mrs. George Richardson and Mrs. Alfred Carmichael presided at the tea table. Executive members present were Mrs. S. J. Willis, Mrs. R. W. Mayhew, Miss M. Hosie, Mrs. H. L. Campbell, Mrs. Charles Conyers, Mrs. T. A. Johnston, Mrs. D. M. Duncan, Mrs. E. McKendrick-Grieve, Mrs. W. G. Noury, Mrs. H. Dunford, Mrs. G. Devey, Mrs. L. V. Chetham, Mrs. V. Leigh, Mrs. W. R. Trueman (Winipeg), Mrs. H. R. Rebitt, Mrs. W. P. Blandy, Mrs. R. D. McCaw, Mrs. H. F. Lasenby, Mrs. M. McDonald, Mrs. R. W. Perry, Mrs. G. Marks, Mrs. Jean Innes, Mrs. G. P. King, Mrs. R. H. Hoskins, Mrs. R. Wickson, Mrs. C. A. Hialop, Mrs. M. Elder, Mrs. Towrie (England), Mrs. M. Douglass (Langford) and Mrs. Balbrough.

Old Girls' Tea
Members of the Norfolk House School Old Girls' Association held an enjoyable tea party at the Empress Hotel on Saturday afternoon. Miss Margaret Izard, the president, received the guests, and Miss Janet Bell presided at the tea table, which was arranged with a bowl of Spring flowers. Plans were discussed for the annual dance to be held early in June. Those present were Misses Margaret Izard, Elizabeth Garrett, Primrose Adamson, Janet Bell, Daphne Preston, Barbara Cocks, Josephine Forbes, Nora Colquhoun, Betty Chadwick, Monica Robbins and Valentine Harlock.

yesterday afternoon at the Oakbay Beach Hotel, the hosts being the Hon. John Hart and Mrs. Hart. About forty guests attended, being welcomed by Mrs. Kay Barracough and Mrs. E. W. Hetherington, the hospitality committee. Presiding at the attractively-decked tea table set in the lounge were Mrs. G. M. Weir and Mrs. J. O. Cameron.

Surprise Party
A surprise visit was paid to Mr. and Mrs. H. Campion, 2961 Donald Street, on Monday evening the occasion being the twenty-fifth anniversary of their wedding and also Mr. Campion's birthday. Games were played, and the guests included Mr. and Mrs. P. White, Mr. and Mrs. E. White, Mr. and Mrs. F. Giron, Mr. and Mrs. W. Hadley, Mr. and Mrs. E. Stancil and Mrs. M. A. Stanner.

Returns to Mexico City
Mrs. Thomas Patton, a former resident of Victoria, who has for the past seven months been visiting her mother and sister, Mrs. C. N. Gowen and Mrs. M. G. Watkis, Cambie Street, Vancouver, left on Sunday, by motor, for Seattle, en route to her home in Mexico City. Mrs. Patton visited friends in Victoria during the early part of her holiday in British Columbia.

Visiting Here
Mr. L. D. McCintock and his bride, formerly Miss Doris Reid, Santa Monica, have arrived in Victoria after spending their honeymoon in the United States and before going to Vancouver, where they will make their home, are visiting Mr. McCintock's brother-in-law and sister, Mr. and Mrs. Gordon A. Cameron, Runnymede Avenue.

Entertained Bridge Club
Mrs. W. J. Cullum entertained members of her bridge club on Monday afternoon at her home on Fairfield Road. The tea table had an attractive centerpiece of daffodils and tulips in a silver basket. Two tables of bridge were in progress.

To Vancouver
Miss Betty Munroe arrived on Monday, en route to Vancouver, to resume her studies at the Sacred Heart Academy, Point Grey, after spending the Easter vacation with her parents, Mr. and Mrs. William H. Munroe, at Shawnigan Lake.

Return After Holidays
After spending the Easter holidays with her parents, Dr. and Mrs. F. M. Bryant, Linden Avenue, Miss Mary Lou Bryant and her guest, Miss Nina Kopf, Yokohama, have returned to Strathcona Lodge School, Shawnigan Lake.

Back to School
Miss Joy Nixon, Arnold Street, had as her guest during the Easter holidays Miss Anne Littleton, Calgary. They will return tomorrow to Strathcona Lodge School, Shawnigan Lake.

Leaves for England
Lieutenant-Commander C. Woodhall left here last week to rejoin the British Navy, from which he retired some years ago. Mrs. Woodhall is visiting friends in California.

Back From Port Alberni
Mrs. Sydney White, Minto Street, has returned from Port Alberni.

Concert Enjoyed
By Princesses

LONDON, April 6 (P).—The Queen, accompanied by Princesses Elizabeth and Margaret, attended the first of series of special Coronation concerts for children today.
In the audience were 2,000 school children from the London area, The London Symphony Orchestra, conducted by Dr. Malcolm Sargent, played the fantasy "Big Ben Looks On," composed by Sir Walford Davies and dedicated to the two princesses.
Princess Elizabeth and her sister listened with rapt attention and laughed and applauded at the conclusion of the number.

The Women's World Day of Prayer originated in the United States in 1887; by 1927 it was observed from New Zealand to the Hawaiian Islands. England did not participate until 1932. All the meetings in every country follow the universal programme which was prepared this year by Miss Mabel Shaw, of Africa.

Royal Couple Return Home

PARIS, April 6 (P).—Princess Juliana, heiress to the throne of the Netherlands, and her husband, Prince Bernhard, started back to The Hague by automobile today after ending their honeymoon with a whirl at Paris night life.

Lack of Radium Causes Distress

One of the great deterrents to better control of cancer in the province of British Columbia is the fact that the only radium available to the public is in the hands of private owners. In other words, a cancerous subject must pay a heavy fee in order to receive radium radiation. In addition, the number of people that can receive this radiation is limited.

The British Columbia Cancer Foundation last year was enabled to purchase \$100,000 worth of radium, three and one-half grains, to be exact. However, before this radium can be made available to the various hospitals so that citizens may receive free radiation, it must be sent to New York City to be processed, at a cost of \$2,000 per grain, or a total cost of \$7,000. So it is that \$7,000 is all that stands between the citizens of British Columbia and that which should be their inalienable right—free treatment for cancer.

It is to overcome such an obstacle that the United Commercial Travelers have instituted a nationwide "Coronation celebration" on Wednesday, April 14, with a two-fold purpose—one is to celebrate the occasion of the King's Coronation, and the other to raise money to further the work of the British Columbia Cancer Foundation.

A dinner dance will be held in the Empress Hotel, at which time it is hoped that Victoria citizens will gather together to have a good time, while enjoying themselves, contribute in some measure to a project that will prove beneficial to themselves and the community.

Peerless Fashion Patterns

Edited by LAURA I. BALDT, A.M.
(For many years Assistant Professor of Household Arts, Teachers College, Columbia University, New York, N.Y.)

Here's a smart new buttoned-down front princess dress that flatters many figure types. The tied belt only across the back, is particularly slimming. The brief sleeves have nice shoulder interest. This fascinating crepe print uses ric rac trim.

Plain bright crepe or thin woolen is equally charming for this simple to sew one-piece dress.
The diagrammed dressmaking chart included shows step by step how to cut and stitch it in no time at all.

Style No. 2732 is designed for sizes 16, 18, 20 years, 34, 36, 38, 40, 42, 44, 46-inch bust. Size 36 requires four and one-quarter yards of 39-inch material with one and one-half yards of braid.

The Spring and Summer Fashion Book is filled with lovely designs for everyday wear, which are easy and inexpensive to make.

Coronation Dress

THIS dress is for the lady who presents the debutante at court after the coming Coronation. Norman Hartnell, young British dress designer, has been entrusted with the task of clothing Queen Elizabeth for the Coronation season.

Letters to the Editor

No letter to the Editor will be inserted except over the proper signature and address of the writer. This rule admits of no exception. No letter should exceed 300 words in length.

"BONE-DRY WOOD"

Sir,—Will you permit me to ask some kind reader of The Colonist to furnish me with a formula, a method or instructions how to burn in my kitchen range and open fireplace this "bone-dry" wood as supplied by the many canvassing Hindus?

Some dealers, no doubt, would reply by advising, buy the best cordwood at \$6 a cord and upwards, but at present I am somewhat perplexed as to how to get some heat out of this "bone-dry" stuff.

GEORGE J. DYKE,
435 Niagara Street, Victoria, B.C.,
April 3, 1937.

GERMS AND DISEASE

Sir,—Your correspondence columns are a constant source of interest to many readers and much credit reflects upon you for the broadminded manner in which you give room to expressions of personal opinion, often in direct opposition to your own.

The subject of germs and disease seems to be one on which we are sharply divided and how can it be otherwise? A theory, such as the germ theory, on which is built the whole structure of modern medical practice, is only a theory—an attempt at reaching truth—until it is undeniable a proven fact or if not, must be exchanged for another theory; a procedure we have witnessed in the annals of science time and again. The very belief in a theory gives it power and backing, it gradually becomes firmly established in the public mind and is only rooted up with utmost difficulty, for thoughts are things.

And here is the answer to Mr. John Spear's questions: Why do doctors and why do the authorities, once the germ theory is accepted it necessarily governs their decisions and actions. The germs must be hunted down at all cost and the public taught to protect themselves against a common enemy.

The case of cancer affords an excellent illustration of the fallacy of the germ theory. How much suffering, human and animal, had to be undergone in the search for a germ, will never be told. Was it discovered, and did the discovery

Drama Conference To Open Tonight At Empress Hotel

SPEAKERS at the Pacific Drama Conference which opens at the Empress Hotel at 8 o'clock tonight will be Madame Sanderson-Mongin, on "The Evolution of the Theatre in France"; Harry Tauber, Vienna, on "The Theatre of Tomorrow, Fourth Dimensional"; Mrs. Olive W. Moir, Seattle, on "Writing the Monologue"; Dr. H. B. King, on "The Greek Drama"; Miss Margaret W. Stevenson, Wenatchee, on "Drama in the High Schools"; W. Randolph Gardner, Vancouver, on "The Art of Make-Up"; Mrs. Muriel Wanamaker, Seattle, on "Problems of Playwriting"; and Frederick H. Pullerton, Vancouver, on "The Value of Drama in the Y.P. Groups." Mayor Andrew McGavin will extend a welcome to the visitors during the evening.

reduce the prevalence of cancer?

Today that disease is on the increase, but we are comforted by the statement that cancer being a disease of advanced years, the very fact that people live longer nowadays, necessarily more deaths from cancer must occur. What a ghastly prospect for old age and what superb logic! As I have pointed out in earlier letters, cancer is cured by quite simple means and not by searching for any germ.

Many prominent pathologists, medical men and laymen—and the medical opinion of certain well-informed laymen must in no wise be underrated—have abandoned the theory of disease as obsolete.

The names of these does not matter; they would not be considered "authorities" by their opponents anyway.

Say they: Disease and its causes, the study of health and disease may be said to be the classified knowledge of common human experience. Disease is a morbid condition of the organism in which the blood

is found to be chemically unbalanced

and impure. Disease is a condition where the system is poisoned, and according to the locality of the poisons (toxins) so the disorder is named. Germs are not in themselves the cause of disease. Biochemists have proved that pure blood is the finest germicide and it is impossible for disease germs to exist in an organism nourished by pure chemically balanced blood.

And so, I could quote page after page of scientists bearing witness to the fallacy of Pasteur's germ theory. It would probably have no effect, for none are so blind as those who won't see.

And, my friends, why this is so, as above quoted, I could not say except that I know that man is the culmination of all creative processes, of every creative force and impulse and of every manifestation of intelligence from the time when "morn'g stars sang together" until now. ALFRED FLEISCHER

Box 182, Duncan, B.C., April 2, 1937.

ASSISTANCE IS ASKED BY SHIP

Pei An, Aground Near Whampoa, China, Afraid Of Pirate Attack

SAN FRANCISCO, April 6 (P).—The British gunboat Seamus rushed today to the aid of the steamer Pei An, aground near Whampoa, China, after an appeal for aid against Pirates, said radio advices picked up here by the Globe Wireless Company.

The Pei An, believed to be a Chinese coastal steamer, sent out this wireless appeal:

"We are aground off the entrance to Whampoa. We are afraid of a pirate attack. Want a guard until daylight. (Signed) Pei An."

Whampoa is about fifty miles up the estuary of the Canton River, among numerous islands from which pirates frequently operate.

Changed Diet Seen Bringing Longer Life
"Protective Food" To Give Children Added Years

NEW YORK, April 2 (P).—Average persons now living can lengthen their own lives, by eating the "right" protective foods, Dr. Henry C. Sherman, of Columbia University, told the New York Academy of Medicine.
How many years they can add is not predictable, but for their children they can reasonably expect an additional seven years.
Dr. Sherman gave the academy, one of the most distinguished medical organizations in the country, which he said is proof that heredity alone need no longer be considered the only important factor in long life.

REDISTRIBUTE DIET
The "protective foods" are those containing vitamins and ten or more essential minerals. They include mostly milk, eggs, green vegetables, yellow vegetables and fruits.
"Simple redistribution," said Dr. Sherman, "of the present expenditures for food, and this without omitting any article of food to which any consumer is accustomed, but merely by easy shifting of relative proportions, can undoubtedly contribute greatly to the advancement of the standard of health and vitality in the coming years."
Dr. Sherman based his findings on diet of rats, and on experiments which he said previously have led him to predict an increase of the human life-span.

A Message to MOTHER!
Every Child Can Have Nature's Greatest "Protective Foods"

Here, reproduced from a Vancouver newspaper of April 2, is a statement made by Dr. Henry C. Sherman, of Columbia University, in an address to the New York Academy of Medicine.

He emphasizes the fact that healthier, happier and longer lives will result from a proper diet... a diet containing "MOSTLY MILK, EGGS, VEGETABLES AND FRUIT."

Today, in the fertile valleys of the Lower Mainland and Vancouver Island, there is an over-abundance of these very foods! Don't deny your family the advantages so easily attained.

EGGS! MILK!

Seldom before have prices been so low... and supplies so plentiful... Serve these protective foods every day.

Buy Now! Save Money!

PLAN RALLY OF YOUNG PEOPLE

Ministerial Body Sponsors
Coronation Youth Meeting on Sunday, May 9

A mass meeting of the young people of the city in the form of a "Coronation Youth Rally" will be held on May 9, the Sunday before Coronation. Purpose of the gathering will be to strike the religious note during the Coronation celebration and voice a call of dedication to noble purposes on the part of the youth of the Empire.

This service, which will be held in one of the larger churches, will be sponsored by the Ministerial Association, according to a resolution passed at Monday morning's monthly session of that body at the Y.W.C.A. Very Rev. C. S. Quinlan is chairman of the committee in charge.

ARCHIVIST SPEAKS
Dr. Kaye Lamb, provincial archivist, gave an informative address on "Why an Archives Department," in which he illustrated the value of historical knowledge in the life of the community. British Columbia he said, was happily rich in historical documents, books and photographs, thanks to the enterprise of its predecessors in office. Nine thousand volumes of newspapers were stored away, and some 35,000 photographs.

Well-attended joint meetings, designed to promote interest in evangelism, were reported as having been held at Duncan by Very Rev. C. S. Quinlan and Rev. E. P. Church, who will also make a visit on April 15-16 to the Alberni, and later to Courtenay and Cumberland and Union Bay.

Sympathy was extended to Rev. A. de B. Owen, now in the hospital, and to Rev. F. W. and Mrs. McKinnon in their recent bereavement. Rev. E. S. Hay, of Jasper, was introduced to the association as a visitor in the city.

How It Started

By JEAN NEWTON

ACADEMY
"English," it has been truly said, "spoken and written, is a wanton, a thief and a liar."

While this is rather strong language for such a broad generalization, almost any random instance will serve to illustrate its factual accuracy.

"Academy," for example, is used in English to designate what is popularly termed a "high school."

Sometimes it is applied to a special institution of learning, as the West Point Academy or Academy of Music.

Again we have it as a society of intellectuals, organized by their common bond of interest in the furtherance of the arts or sciences, as the French Academy.

It is this last sense which most nearly approximates the intrinsic significance of that term, which was lifted from the Greek.

"Academy" was originally the name of an open-air meeting place near Athens, so-called after the hero, Acadamus, where fore-gathered Plato and his followers pondered and conferred, and evolved their school of philosophy.

WHEN HE LOOKS IN YOUR EYES!

Do they flash and sparkle, or does he find them dull and unattractive? If your eyes are dull or have a yellow tinge, it's probably because your liver isn't functioning properly. Your liver affects almost every part of your body and if it gets out of kilter you can't look well, you can't be well. So keep your liver healthy by taking Fruit-a-Day. This famous remedy contains extracts of fruits and herbs and acts to stimulate the liver to normal healthy action; activates the flow of bile, cleanses the elimination tract, and helps 4 other vital organs of the body. Do not let your liver affect your looks. Start taking Fruit-a-Day today. Your druggist has them. Cost is low, only 25c. And insist on genuine "Fruit-a-Day."

TOURIST TRADE FAVORS ISLAND

Illuminating Figures Are Given in Speech by George I. Warren

While the balance of tourist trade was decidedly against British Columbia as a whole, last year, it favored this city on a ratio of five to one, George I. Warren, commissioner of the Victoria and Island Publicity Bureau, told members of the Credit Granters' Association in Spencer's dining-room yesterday.

In 1935, 144,000 United States cars went out. Figures for Victoria and Sidney showed that 2,530 cars left the island, while 10,000 visiting cars came in.

Mr. Warren described some of the minor activities of the bureau, and showed that by the work of the organization the tourist business here had been increased 55 per cent last year. It is estimated that the industry was worth \$2,825,000 to this city in 1935.

"INGENOOK" GARDENS
Itineraries were developed, the speaker declared, to keep tourists here. He spoke of the fine scenery at Beecher and Melchios Bays, the picnic grounds at the Experimental Farm, Saanich, and the wonderful view to be had from Mount Tolmie; and the gardens at "Ingenook," maintained by Mr. and Mrs. Wardell, visited by 3,000 last year.

Fishing guides were sent out weekly to tourist bureaus in the United States and many Coast newspapers. In addition, auto camps and their facilities were listed, and as Christmas time, Victoria holly sent out to various organizations.

Touching upon the activities of the bureau in regard to schedules and rates of transportation companies, Mr. Warren paid tribute to the Canadian Pacific Steamship officials. These, he said, had always given representatives of the organization an attentive hearing, and had reduced rates over a period of years. Cars that were charged \$10 in 1923, were now charged \$5.

TWO NEW FERRIES
Two new boats were on the run this year, he pointed out, and since they were to be up here, would bring more business to this port.

He described the road maps that were hung in hotel lobbies, the bill boards maintained at the expense of the bureau, and the signs placed in garages in the Northwest States.

"We have been criticized," he continued, "for the amount of traveling we have been forced to do. But I want to assure you that if the directors believe we cannot obtain \$100 for every dollar spent, these trips are not made."

Major Cuthbert Holmes moved a vote of thanks to the speaker. Walter Fletcher presided.

What Today Means

"ARIES"
If April 7 is your birthday, the best hours for you on this date are from 8:15 to 10:15 a.m., from 3:15 to 5:15 p.m. and from 7:15 to 9:15 p.m. The danger periods are from 6:15 to 8:15 a.m., from 9:15 to 7:15 p.m., and from 9:15 to 11:15 p.m.

Be careful some delusion does not get you on the wrong line of thought. Misconceptions are going to be responsible for many misunderstandings this day, so view things from numerous angles before reaching any fixed conclusion. Let nothing discourage you, for those born on this day are due to meet with success in their undertakings. In the long run, disappointments will prove to be preparatory tests of your stamina, so you will be qualified to assume some real responsibility. You perhaps will be either a guest or have a lot of company at what will prove to be a happy reunion of people who are well disposed towards you in a social way. Powerful friends are likely to help you advance your fortune in some totally unexpected way. Married and engaged couples, as well as those who are in love, must not let the wrong line of thought, which frequently destroys affection and rarely accomplishes any good.

If a woman and April 7 is your birthday, you probably have a strongly developed dramatic instinct, a love for things of artistic worth, as well as unusual interior decorating ability. You may be inclined to have too many irons in the fire at one time. Be wise and concentrate your energies in doing one thing exceptionally well. Select some line of activity, and do not let your attention be diverted from it. Through social activities you may be able to advance your business interests. As a publicity agent, saleslady, insurance broker, educator, artist, musician or author you may be able to build up a large income. There is no reason why your domestic life should not be very happy, especially if you have a husband whose tastes are similar to your own.

The child born on April 7, usually, from the time it learns to talk is outspoken, very loyal, bright and amenable to reason. This youngster will have perhaps very little difficulty in making its way through life successfully.

If a man and April 7 is your natal day, you may stand a better chance of making money by conservative methods than through speculative ventures. As a doctor, lawyer, engineer, financier or broker you should become very prosperous.

MONTREAL, April 6.—British and foreign exchanges, closed easier today.

POPULAR STARS IN CAPITOL FILM

Fred MacMurray and Carole Lombard in Musical Romance, "Swing High, Swing Low"

Carole Lombard and Fred MacMurray, the romantic team of "Hands Across the Table" and "A Princess Comes Across," are together again in "Swing High, Swing Low," a brilliant romance, with music, which opens today at the Capitol Theatre.

"Swing High, Swing Low" is the story of Carole Lombard, as the girl whose love and faith in a ne'er-do-well trumpet player lifts him to the pinnacle of success but robs her of his love. He discovers that he cannot succeed without her and returns to beg her forgiveness.

The story is set in Panama and New York City, and there are many gorgeous settings. Dorothy Lamour, the girl who became famous after her first moving picture appearance in "The Jungle Princess," is included in the elaborate cast.

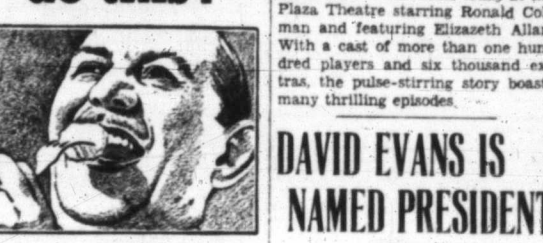

ANCIENT BEDSTEAD SECURED FOR FILM

Milton Roemer, director of "Silent Barriers," wanted a bedstead of 1880 type for a bedroom scene.

He sent George King, the unit's property master, scurrying around Revelstoke, B.C., in search. Finally Mr. King broached the bed question to a young lady named Ruby, who admitted that hers was "a very old bed." King dashed to her home and had the bed dismantled.

Next morning Richard Arlen star was reclining in the self-same bed before the camera. He afterwards autographed the bed at Ruby's request. "Silent Barriers," which comes to the Capitol Theatre Saturday, is a majestic drama of Canada's great frontier.

Williams, Mrs. W. P. June, Mrs. M. A. Lewis and R. Thomas. The sick-visiting committee of last year was unanimously re-elected. Mrs. R. T. Williams and Mrs. T. C. Jones were thanked for their work in this capacity during the past year.

Mrs. R. Mason was also re-elected as pianist for the society. The president expressed thanks to the returning officers for their work during their term of office.

The financial statement for the year was read, and in view of heavy expenses incurred during the past year, was felt to be a satisfactory report.

The following programme was enjoyed during the evening, with solos by J. Maurice Thomas, Mrs. Hobden and Mrs. W. C. Williams; piano selections by Miss Jeanie E. Jones; quartette, Mrs. W. C. Williams, Mrs. M. A. Lewis, Maurice Thomas, Howell Jeffreys, and selections by Welsh Glee party. Refreshments were served.

RANGERS CAPTURE FIRST GAME OF CUP SERIES

Braddock Starts Strenuous Work; Joe Louis Rests

Heavyweight Champion Commences Training for Chicago Engagement With Colored Fighter by Chopping Down Trees—Louis Goes to Bed For an All-Day Rest

STONE LAKE, Wis., April 6 (AP)—Swinging a heavy two-bladed axe, James J. Braddock, the backwoodsman, chopped down trees in the wilds near his camp for two hours today in the first training move of his campaign.

The world heavyweight champion swung at towering hard maples and quickly began to drip with perspiration. After trees fell crashing to the ground, Braddock planned to saw them into four-foot lengths and then cut them for fuel for the fireplace in the log cabin that will be his home for the next five weeks.

The world log-chopping champion, husky Peter MacLarin, invaded Braddock's camp to give him pointers on how to wield an axe. "Get me an axe like that, you uses, and I'll show that sucker up in a few days of practice," Braddock blurted.

LOUIS RESTS UP

CHICAGO, April 6 (AP)—Joe Louis came home from his barnstorming tour today—so unconcerned over plans for fighting James J. Braddock that he flopped right into bed for an all-day rest.

The "brown bomber" didn't stay up long enough to say he was happy that arrangements for a chance at the heavyweight title at Comiskey Park, June 22, have virtually reached the point of certainty.

He reached Chicago this morning from San Diego, Calif. Co-manager Julian Black said Louis would rest until Friday, when they plan to go to Hot Springs, Ark., or West Baden, Ind. for a two-week stay. After that the negro who weighed about 205 pounds today will head for the open spaces for a three-week wood-chopping and hiking stage.

INDIAN'S BAY AND SPENCERS BATTLE TODAY

Soccer Elevens Meet in Sudden-Death Game for Pendry Cup

Champions of the Wednesday Football League for the past three seasons, Spencers soccer eleven will be gunning for their fourth straight championship when they battle the Indian's Bay this afternoon at the Royal Athletic Park in a sudden death fixture for the midweek title.

Undeclared in league play, the clubs finished their schedule in a deadlock. This afternoon they will meet at the enclosure to decide the 1936-37 resting place of the Pendry Cup, symbolic of the honors. The Diamond "S" boys have a chance to make football history by winning the match and holding the trophy for four seasons.

It is the only fixture scheduled and should attract a season's largest turnout. Rival managers will trot out their strongest available line-ups for the game, rated as the season's classic. In their last league game the clubs played to a scoreless draw.

Percy Shrimpton, hard-working secretary of the league, will foot the whistle. Joe Obee and Dave McMillan will act as timekeepers. The kick-off is set for 2:30 o'clock.

The teams follow:
Indian's Bay—Renfrew, O'Connell, Wyatt, Williamson, Kennedy, Ferguson, Fish, McBride, Fogden, Preston and Oakman. Sub. McLeallan.
Spencers—Stewardson, Cann, Clarke, Speller, Moir, Bradley, Brown, Munro, Chapman, Collins and Nicol. Subs. White and McMillan.

Won Honors at Dog Show

Sir Boliver Buckshot, English bulldog, owned by F. W. Bjorklund, of Tacoma, which was voted best in all-breed shows on four different times, twice in Canadian and a like number of times across the border. It also captured first prize at the recent show at Neptune Beach, California. Mr. Bjorklund entered his well-bred dog in the Vancouver Island Dog Fanciers' Association championship point show held last Saturday at the Crystal Garden, and carried off several honors and received high praise from W. H. Pym, official judge from Vancouver. Another one of Bjorklund's entries carried off "best in the show" prize.

Three-Year Programme Will Develop Athletes

Brig.-General A. C. Critchley Behind New Movement for International Competition for Development of 1940 British Olympic Team

By JACK BRAYLEY
Canadian Press Staff Writer.

LONDON, April 6 (AP)—A three-year programme of international competition for development of a strong 1940 British Olympic team may be extended to include Canadians and representatives of other Dominions and Colonies.

"I, personally, would like to see the development of a British team of Empire composition rather than a team drawn from the United Kingdom alone," declared Brig.-General A. C. Critchley, Calgary-born English sports promoter, who has offered a \$50,000 guarantee to the Amateur Athletic Association for three international meets at White City here. It has been suggested they be conducted the first week in August for the next three years.

"It is certainly a matter for further consideration," was the comment of an official of the A.A.A. Already invitations have been sent to various countries, including the United States, to have representatives at the first meet, August 2.

Profits of the meets will go to the training of the British team in preparation for the Tokyo Olympic Games.

If the plan to include athletes from the Dominions and Colonies on a British team were carried out, the meets would resemble the British Empire—United States meets, with the exception that other countries would also take part.

General Critchley, disappointed at the British showing at the Berlin Olympics last Summer, decided on the three-year plan at that time.

WRITES IN PAPER
Trevor Wignall wrote in The London Daily Express:

"He felt we had the material, but that it had not been given a chance of showing what it could accomplish. He promised that before the time arrived for another British side to leave this land, he would at least make an attempt to introduce a system that had been in force in America for many years."

"His idea was that we should view the games as do the Germans, Americans and Italians and Japanese. The General hopes that our athletes will be dispatched to Tokyo in time to become acclimatized, and that everything will be done for their comfort."

"They are entitled to the support, the attendance and the freedom from worry that is always given to the Americans, and it will not be General Critchley's fault if they are not trained to the minute by coaches and masseurs and others fully equipped for their jobs."

"If the whiskered or the tradition-bound whimper that all this

Golf Tournament Set Saturday at Macaulay Course

ENTRIES are pouring in fast for the first annual Vimy Day golf tournament which will be staged at the Macaulay Point Club on Saturday. Jimmy Bennett announced yesterday following a meeting of the executive. Ex-servicemen from all the local associations will tee off over the eighteen-hole route, under full handicap, for the John Day Cup. Competitors are asked to file their entry forms at their local organizations or with Freddy Burns, professional at Macaulay, by Friday night. In the evening a concert and presentation of prizes will take place. The musical programme will be in charge of Messrs. Obee, Collins, Winter and Whitford.

Bone in Buxton's Hand to Be Reset Before Fight Here

BILLY BUXTON, Victoria's promising young featherweight boxer, who sustained an injured left hand in his recent scrap with "Speedy" Dado, former bantamweight champion of the world, left yesterday afternoon for Seattle to consult a bone specialist. According to P. H. B. Buxton, father of the local fighter, one of the bones in the left hand has to be reset. Al Hosack, hard-hitting Seattle middleweight, suffered a similar injury about twelve months ago, and after receiving attention from the Seattle specialist, his hand is now as strong as ever. The same physician will work on the Victoria boy. Buxton is expected to be out for about a month. His first fight after the flipper is given the O.K. by the doctor will be in his home town, if present plans materialize. Promoter Fred Richardson announced yesterday that he has signed Buxton to meet Joe Calder, ranking fighter, here next month.

LYNN PATRICK NETS TWO GOALS IN EASY WIN OVER WINGS, 5-1

Scores Second and Fifth Tallies for New York as Clubs Open Battle for Stanley Cup—Smith Is Replaced by Robertson at End of First Frame—Squads Move to Detroit

Continued from Page 1
title by eliminating Montreal Canadiens, hurt the member again when a blazing shot from the stick of Lynn Patrick bounced off his arm and into the cage. He was unable to lift it after that and was replaced by Earl Robertson, an Edmonton product who has been playing for Pittsburgh of the International-American League.

Robertson played a fine game in the last two periods and only his heady and acrobatic work prevented the "hot" Rangers from piling up a bigger margin, so deadly was their passing and sniping.

Melville "Butch" Keeling started the New Yorkers off to victory by scoring an easy goal in the first six minutes. After getting a relay from Murray Murdoch, "Butch" slapped the puck goal-wards and it was deflected out of Smith's reach by Bucko McDonald's stick.

Patrick then scored with the aid of Frankie Boucher, who played sparkling hockey throughout, and Art Coulter, belting defencemen. With less than two minutes to go the game was practically sewn up when Joe Cooper scored with the aid of Keeling and Cecil Dillon.

Boucher notched the only tally of the hard-checked second chapter on a brilliant solo rush which saw him outwit Eddie Goldfellow and Scotty Bowman, of the Detroit baseline, and back-hand a shot past Robertson.

MISSSES SHUTOUT
Rosy-cheeked Syd Howe saved the Wings from a shutout by flipping the puck into the open cage late in the third period after a lengthy scramble around Dave Kerr, Ranger's sensational goal-minder who was somewhat annoyed at not hanging up his fourth shutout in five play-off games. This goal was countered shortly after by Patrick's second score, notched on a relay from Boucher after the Wings had been trapped in the New York end.

Ott Heller and Goodfellow enlivened the third-period activities by staging a brief and rousing fist fight. Both dropped their sticks at the same moment and threw punches until they crashed into the boards.

Goodfellow then got in some healthy blows while Herbie Lewis held the Ranger. Referee Mickey Ion and Johnny Mitchell were knocked down and shoved around a bit and Heller received a cut on the head which required several stitches. The brawl was quickly stamped out and the belligerents given major penalties.

TRADE PUNCHES
Wally Kilrea and Phil Watson threw a few punches at one another to bring the crowd to its feet in the last minute but were soon parted and penalized for two minutes.

The winning team held a narrow margin on the play throughout, getting in thirty-five shots at the Detroit cage while the Wings levelled thirty at Kerr. Only six penalties were meted out in the gruelling joust with each side getting three.

INDIANS WIN OVER OAKLAND

Seattle Scores Easy Victory—Sacramento and San Diego Triumph

OAKLAND, Cal., April 6 (AP)—Seattle's Indians bludgeoned the ball all over the lot today to trounce Oakland, 10 to 1, in the opening game of the series here.

The heavy hitting Northern crew sewed up the game in the first inning by scoring seven runs.

R. H. E.
Seattle 10 13 0
Oakland 1 8 2

Batteries—Thurston, Horne and Bassler, Fernandez; Miller, Serventi, Cunningham and Raimondi, McCaskill.

SACS BEAT ANGELS

SACRAMENTO, April 6 (AP)—Sacramento handed Los Angeles a 9-to-1 greeting today in the Angels' first baseball visit here this year.

Bob Klingner, making his first start for the Solons, stopped the Angels with six hits and lost a shutout in the seventh when Howell doubled and Collins singled with two out.

R. H. E.
Los Angeles 1 6 1
Sacramento 9 15 0

Batteries—Kimball, Campbell and Collins; Klinger and Clark.

90 DAYS From Brew to Bottle

Long before most of us were born Phoenix Lager Beer was made in the same careful manner that it is made today. The same quality ingredients were used. The same 90-day period was allowed for ageing, so that you know when you ask for "Phoenix" you'll get the same golden brew that our fathers and grandfathers enjoyed.

NEW MATMEN BOOKED HERE

Count Francis Fouche and Jim Casey in Saturday's Semi-Windup

The big boys of the grunt and groan-pastime will resume their pachydermic warfare Saturday evening at the Tillium gymnasium, with two newcomers sharing the semi-windup spot on Promoter Fred Richardson's inaugural Spring season card.

Count Francis Fouche, handsome Parisian exponent of the one-bending pastime, who makes feminine hearts flutter, matches holds with Irish Jim Casey, brother of Steve "Crusher" Casey, Bostonian grappler. The match is scheduled for five eight-minute sessions and promises to provide plenty of excitement for the local followers.

Fouche and Casey have been on the Coast for the past month and have been turning in some smart performances. The Frenchman is reported to be colorful and a clever grappler, while Casey, rugged young Boston Irishman, who hails from an athletic family, is a crowd pleaser. Victoria squirmers will appear in the special event and the opener, while two leading pachyderms will be booked for the main event of eight ten-minute sessions. The first bout will commence at 8 o'clock.

ENGLISH RUGBY

BATLEY, England, April 6 (AP)—Hunslet won an 18-11 decision from Batley in an English Rugby League game played here today.

Celtic Goes Under

GLASGOW, April 6 (AP)—Third Lanark defeated Celtic, 4-2, in a First Division, Scottish Football League match played on the former's ground today.

Results follow:

W. Crowther 400, J. Ballion 327. F. L. Elliott 400, A. J. Patton 335. F. Noble 400, F. B. Turner 393. P. A. Fitzsimmons 400, R. Burns 279.

E. Newman 400, A. McNeill 298. C. Irish won by default from T. Dunlop. T. Plump won by default from Curtis.

A. McKittrick won by default from C. Brydges. Draw for the third round which must be completed by April 12, follows:

P. A. Fitzsimmons vs. T. Plump. E. Newman vs. W. Crowther. F. L. Elliott vs. C. Irish. A. McKittrick vs. J. Noble.

NEW SKI CLUB IS ORGANIZED

Group Forms Forbidden Plateau Ski Club at Recent Meeting Held Up-Island

A group of enthusiastic skiers met at the Forbidden Plateau Lodge recently and decided to organize the Forbidden Plateau Ski Club. J. R. Loutet, president of the Grouse Mountain Ski Club, and D. Rolison, treasurer of the Canadian Ski Association, Vancouver Zone, were present and gave valuable assistance in the preliminary steps.

Chris Johnson, Port Alberni, a veteran skier and a life member of the Hollyburn-Pacific Ski Club, was unanimously voted to the chair and later chosen president pro tem, with Bill Freebury, of the Forbidden Plateau Lodge, as secretary-treasurer, with authority to proceed with the formal organization. It is planned to hold a general meeting on May 24, and a list is now being compiled of the persons wishing to join the club.

WILMER ALLISON QUILTS NET GAME

HOUSTON, Texas, April 6 (AP)—Wilmer Allison, thirty-two-year-old United States Davis Cup player, so many times he has to use his pencil before giving the exact number, said today he had definitely retired from big-time tennis.

RAMBLERS BEAT SYRACUSE 2-0

PHILADELPHIA, April 6 (P)—Philadelphia—Rangers tonight scored a 2-0 victory over Syracuse Stars in the first game of their best three-of-five series for the championship of the International-American Hockey League.

The New York Rangers Farm Club scored two goals in the third period and presented an airtight defence. Bobby Kirk fired in the first goal at 8:50 and Clint Smith the second at 13:36.

Despite the intensity of the play there were only four penalties. One was a major to Bryan Hextall, of the Ramblers, who swung on Normie Mann after the Star winger cut Hextall's eye with the butt of his stick. Mann went off for two minutes.

LYNN PATRICK NETS TWO GOALS IN WIN

Continued from Page 10
Wings left immediately after the game for Detroit where the balance of the series will be played.

LINEUPS
Rangers—Kerr, Coulter, Heller, N. Colville, M. Colville, Shibeck, Suba: Pratt, Johnson, Boucher, Dillon, Murdoch, Keeling, Cooper, Watson, Patrick.

POPEYE

HERE I WAS FEELIN' HAPPY LIKE AS IF THEY WASN'T NO TROUBLE ON EART' AN' LOOK WHAT I RUNS INTO.

WHAT'S THE TROUBLE HERE?

NOTHING THAT WOULD INTEREST YOU, MISTER—I'M JUST A THIEF AND HE'S TAKING ME TO JAIL.

WHAD YA STEAL, A PIANNIE OR SUMPIN'?

I'D STARVE BEFORE I'D EAT A PIANO.

COME ON, GAL.

JUSA MINUTE, ORFICER, I WANTS TO TALK TO THIS GAL.

HUNGRY, EH? AN' YA JUS' STOLE THINGS TO EAT?

OF COURSE.

I STOLE FRUIT FROM OLD WHISKERS' STORE AROUND THE CORNER. I HAD NO RIGHT TO DO IT—BUT—WELL, SOME-TIMES I THINK I HAVE NO RIGHT TO EVEN LIVE.

I'M AFRAID IT WILL BE MORE THAN A FINE. WHISKERS IS AS MEAN AS THEY COME—HELL INSIST ON A SENTENCE.

WISH I WASN'T A COP.

Bill Peden Now Deadlocked With Piet Van Kempen

LOUISVILLE, Ky., April 6 (P)—Big Bill "Torchy" Peden, West Coast rider, claimed today a tie with Piet Van Kempen, the flying Dutchman, holder of the world's record for six-day bicycle race victories—twenty-nine.

Peden, a native of Victoria, paired with handsome Jules Audy, of Montreal, wheeled to victory in the wind-up here last night of a six-day grind. The Canadian duo stole a lap in the last fifteen minutes of competition to edge out the Irish team of Jackie Sheehan and Henry O'Brien.

AMATEUR CAGE DATES ARE OUT

Playdowns for Senior Canadian Basketball Title Announced in the East

MONTREAL, April 6 (P)—Dates for the senior Canadian basketball playdowns were announced today by Doug Robertson, vice-president of the Canadian Amateur Basketball Association.

McGill Grads, champions of Quebec Province and Ottawa District, will travel to Saint John, N.B., for a two-game total-point series with Saint John Crusaders in the Eastern Canada semi-finals, April 15 and 16.

Winners will go to Windsor, Ont., for a best-in-three game series with Windsor Pords, Ontario titlists, April 19 and 20, and 21 if necessary.

The Eastern Canada champions will meet the Western titleholders in Vancouver in a series starting not later than April 28.

MARINE—TRANSPORTATION

CANADA HERE
ON SCHEDULETrans-Pacific Liner Dock-
ing From Orient Ports
At 7 o'Clock

No further advice having been received at the local office of Canadian Pacific Steamships, it is likely the Ss. Empress of Canada, Captain W. T. Kinley, commander, will dock at her scheduled hour of arrival this morning. She is due alongside Rithet Piers at 7 o'clock, coming in from Manila and way ports. Completing her business here, the liner will continue to Vancouver.

FROM ATLANTIC SIDE

With general cargo for discharge here, the British freighter Pennington Court docked yesterday afternoon from Saint John and Halifax. Leaving last evening, the ship, which is in the service of the Vancouver-St. Lawrence Line, continued to Mainland ports, where she will complete.

IN FROM EUROPE

Bringing passengers and 450 tons of freight for Victoria, the Holland-America Line motorship Damsterdyk, Captain J. P. Wepster, docked here at 3 o'clock yesterday afternoon. The Damsterdyk had eighteen travelers in all aboard, eight of whom were for Victoria. Included in the combined freight and passenger ship's cargo for this port was a considerable shipment of Southern California fruit. Before clearing the Victoria docks, the

Fortnightly sailing to Queen
Charlotte Islands.CANADIAN
NATIONAL
STEAMSHIPS

Damsterdyk loaded coopersage stock, manufactured doors and canned salmon for the homebound passage.

RAIL-LAKE-RAIL

Effective April 17, the Canadian National Railways will commence accepting freight shipments in Eastern Canada for movement by rail-lake-rail route to points in Western Canada. It was announced yesterday by J. W. Macrae, general freight agent of the company at Vancouver.

SPEED RECORDS

The speed record for the Atlantic crossing was held by one ship for twenty-two years. It was the Cunard liner Mauretania, which took the blue ribbon of the Atlantic in 1907 and held it until 1929. It has since been won in rapid succession by the Bremen, Europa, Normandie and the Queen Mary, and it is now due again to the Normandie.

RECONDITIONING

The former Pacific Steamships liner Dorothy Alexander, long familiar to Coast travelers, recently purchased by the Alaska Steamship Company for \$150,000, is undergoing \$100,000 renewal of her entire superstructure and will conform in every way to the United States shipping regulations. She will enter the Alaska run on June 8, opposite the Alaskan Aleutian.

SALMON OUTLOOK

As to new pack salmon, the situation, states an exchange, is briefly this: The left wing labor group has been successful in organizing cannery workers in Alaska, and among the demands is one for an eight-hour day, with \$1 an hour for overtime. Since, at the peak of the season, canneries run sixteen hours and over and even as much as twenty hours, such an overtime scale would be out of the question and might force an eight-hour day with consequent reduction in the new pack for 1937.

CORONATION BOUND

With the Coronation of King George and Queen Elizabeth but a month away now, each sailing of Canadian Pacific liners out of Saint John to the Old Country has fine passenger lists. In the Duchess of Bedford, sailing on April 9, there will be twenty-six British Columbians. Victorians included will be Mrs. M. Y. Newell, H. Smith and Mrs. A. Aitkin, while an Alaskan passenger will be Miss Doris M. Bird.

BAR GOLD AT LONDON

MONTREAL, April 6 (P.)—Bar gold in London down 2 cents at \$34.71 an ounce in Canadian funds; 141s 1d in British. The fixed \$35 Washington price amounted to \$34.96 in Canadian.

TRANSFERRED
TO MAINLANDDavid Alexander, After Six
Years Here, Returning
To Vancouver—Photograph by Chere.
DAVID ALEXANDER

David Alexander, who has been connected with the local office of the Great Northern Railway for six years past, has been transferred to Vancouver. "Dave" was sent to Victoria in a reorganization of the company's British Columbia personnel in 1931, and while here has made a host of friends for himself among the transportation fraternity particularly and the traveling public generally.

Since coming to Victoria, after a long term of service with the railway company in the Mainland city, "Dave" has filled the position of city passenger agent, first with Harry Clarke, who was promoted to Vancouver, and latterly with Harry Douglas, who came from Fernie, where he was general agent, to fill the vacancy left by Mr. Clark. When he returns to Vancouver, which will be as soon as an assistant for Mr. Douglas is appointed, "Dave" will be working in a familiar environment.

While here, Mr. Alexander's interest, apart from his duties selling transportation and facilitating the transfer of Great Northern patrons traveling from the Orient and Pacific ports, kept him busy constructing model trains, his output

including all classes of miniature rolling stock, his last effort being the building of a New York Central locomotive model, which is complete to the smallest detail and really an object of very great interest to the practical railway man.

FINAL RITES
FOR PIONEERCaptain Jackman Worked
On First Tugboat Operat-
ing on Burrard Inlet

VANCOUVER, April 6 (P.)—Funeral services were held here today for Captain Thomas James Jackman, seventy-four-year-old pioneer tugboat captain who worked on the first tugboat operating on Burrard Inlet.

Captain Jackman was proprietor of the Sunnyside Hotel, erected on the site of the present city of Vancouver before the fire which razed the growing Burrard Inlet settlement in 1886.

When the fire broke out, Captain Jackman was made custodian of the Canadian Pacific Railway payroll. He thrust the money into a safe and rolled the strongbox into shallow water at the harbor edge. The payroll was recovered undamaged.

Surviving are his widow, living in Vancouver, and a niece and nephew in Eastern Canada.

With Holy Water Instead
Of Traditional Wine

MONTREAL, April 6 (P.)—Following the shipment by freight of the Radium Queen for use on the Mackenzie River system in the Northwest Territories, a shipyard crew from Sorel left Montreal Saturday night on the Continental Limited train of the Canadian National Railways destined for the far northwest point, where they will assemble the tug. After the eighty-six-foot vessel was completed at Sorel, it was sliced into sections for trans-

portation by rail to the end of steel at Waterways, Alberta. The sections were loaded on a special train of the Canadian National Railways for the long journey.

The crew leaving the city Saturday will carry out the work of assembling and welding the vessel for launching at Port McMurray. From that point the Radium Queen will transport her sister ship, the Radium King, to Port Fitzgerald. The latter vessel will be portaged in sections to Port Smith, a journey of sixteen miles, and will then be assembled and launched for use on the run down the Mackenzie to Port Norman in the Arctic.

Both vessels are designed for service on the water route of

Northern Transportation Company to and from the silver-radium properties at Eldorado-on-Great-Bear-Lake.

Solemn ceremonies marked the departure of the Radium Queen from Sorel a week ago. In place of the traditional christening with champagne, the sections of the new power tug were blessed by the Church and sprinkled with holy water.

HONGKONG, April 6 (P.)—The Japanese monoplane Divine Wind, attempting to set a new record for a flight from Tokyo to Western Europe, landed at Handi, French Indo-China, today after a nonstop hop from Taihoku, Formosa. The plane refueled and took off for Rangoon on the next leg of the flight to London.
